- IX. Requests**
  - A. State Thespian Festival:** Agnes of God performance at International Thespian Competition: needed \$1420. Discussed how it could be connected to the School Improvement Plan. There is a potential that it would help with attendance due to the fact that the students have to have good attendance rates to be a part of the competition. The play itself contains difficult grammar and reading content. Four girls are needing to go to the competition and are going to be performing and attempting to get scholarship opportunities. We discussed how we're going to divide the money amongst the departments. The Board approved \$1,000 for the Drama department.
