With the holiday season approaching, there's a fight to be won. The Salvation Army is marching into battle against all types of need this year, so we're recruiting bell ringers-like you- to join the fight for good!

So truly, you can make a difference with every ring! The funds you raise as a Salvation Army Bell Ringer will make a year-round impact in our community through social service assistance, homeless shelters, disaster relief, rehabilitation services, anti-human trafficking, and more!

Sign up to ring the bell at a Salvation Army Red Kettle this Christmas, and you'll help raise money to fund our programs all year long.

Please note: To receive credit for the kettle total by yourself, you must ring alone.
