As principal of St. Augustine High School, it is my pleasure to welcome you to “The High School”, St. Augustine High School! Our entire team is excited to have students back in our classrooms and hallways filling them with energy and enthusiasm for learning. It is our mission to help every child feel welcomed, connected, and a part of our St. Augustine family. Our **mission** at SAHS is to prepare all students for college and careers through rigorous and diverse programs of study which inspire good character and individual talents and abilities via an accepting and rewarding environment. Additionally, we strive to challenge each student to grow in his or her academic abilities and to be college and career ready by the end of four years. We believe that all students should graduate from high school prepared for the demands of postsecondary education, meaningful careers, and effective citizenship. At St. Augustine High School we are **Committed to Excellence!**

Although St. Augustine High School has clearly been identified as an outstanding school in Florida, our true success comes through our dedication to important details, such as relationship building, communication, and our school’s core values of, *Academic Excellence, Respect for Human Differences, Cooperative and Caring Relationships, and Commitment to Community*. These principles represent the non-negotiable belief system which serves as the bedrock of our school community. Underlying all of these values and principles is our commitment to do everything *TOGETHER*. I hope that you will work together with our entire faculty in honoring and emphasizing these high ideals at all times.

On behalf of the entire school community, I am delighted to welcome you to an exciting new year at St. Augustine High School!

Once a Jacket, Always a Jacket,

Travis Brown

SAHS Principal

The SAHS Student Support Team

Principal	Travis Brown
Assistant Principal of Discipline, Curriculum and Instruction, School Counseling	Earl Brown
Assistant Principal of Exceptional Student Education, Assessment, & School Safety	Carla Brown
Assistant Principal of Exceptional Student Education	Twila Needham
Career Program Specialist	Robert Raimann
School Registrar	Erin Magden
School Counselor (AICE)	Dawn Eakins
School Counselor (Last Names A-F & ALL Dual Enrollment inquiries)	Caryn Patterson
School Counselor (Last names G-O)	Cammy Barber
School Counselor (Last names P-Z)	Karleen Nickerson
Computer Operator	Jennifer Jones
Testing Coordinator	Kristin Jasper
Instructional Coach	Beril Yabar
Literacy Coach	Hannah Lucien

SAHS Mission

The entire SAHS community will “S.W.A.R.M. Together” to ensure all students have everything they need to reach their full potential.

SAHS Vision

The entire SAHS community works *TOGETHER* , utilizing *QUALITY INSTRUCTION*, and effective *SUPPORT SYSTEMS* to ensure all students reach their full potential while providing the *TOTAL YELLOWJACKET EXPERIENCE*.

SAHS Registration Policies

WHEN	WHAT	WHERE
January - February	Students will select elective options on-line through HAC	English Classes
	Student/Counselor Registration Meetings	
Within 48 Hours of Registration Meetings	Course Requests Uploaded (Not a schedule)	HAC
January - March	Window to make course change requests for following school year	Use link on SAHS homepage
May 30 th	Deadline to change course requests	Use Link on SAHS Homepage)
Late July – Early August	View Student Schedule	HAC
Late July – Early August	Make schedule change requests for academic courses ONLY	Online form (Link on the SAHS homepage)

Below are the **ONLY APPROVED REASONS** for a change to your schedule; (any other requests will **not** be considered)

- You are in a class for which you have already received a passing grade
- You are a senior and your schedule is missing a class you need for graduation
- You have a hole in your schedule (missing a class during a period you are on campus)
- You are missing the next course in the progression from a course already taken (For example: You passed Spanish 1 last year, but Spanish 2 is missing from your schedule.)

Schedule changes **WILL NOT** be approved for:

- Teacher preference
- Class period preference (this includes changing your modified period(s))
- Lunch Preference
- Students who do not meet Honors Criteria and request advanced level courses.

Please note the following:

- Off campus SJRSC Dual Enrollment course will not be reflected on your SAHS schedule on the first day of school
- Class periods and teachers **MAY CHANGE** through the first week of school due to balancing of classes, however student course placement will not change.
- Newly hired teachers may be represented by a placeholder on your student's schedule. These placeholders will include non-instructional SAHS employees.
- Please note that if you previously requested a course change and did not see any adjustments made, then your request was not approved. **Do not submit another request as it will not be considered.**
- Room numbers on schedules could potentially change on schedules on the 1st day of school.

REGARDING REGISTRATION: SJCSD Student Progression Plan states:

Dropping/Transferring Courses

Schedule Correction Request

Once the student schedule is released, students may only request a schedule correction for the following reasons:

- Duplicate course
- Missing a course
- Misplaced/wrong level

Course Level Change

Students enrolled in a yearlong course, may request a course change at the end of the semester, only if all the following conditions have been met:

- grade of D or F
- completion of a parent/legal guardian conference
- demonstration of the student seeking consistent academic assistance (as well as consistently submitting course work)

Students enrolled in a half-credit course, may request a course change at the end of the quarter, only if all the following conditions have been met:

- a grade of D or F
- completion of a parent/legal guardian conference
- demonstration of the student seeking consistent academic assistance

Please Note:

- All requests will be honored based on availability
- Placement based on FSA/EOC scores may supersede request

After 21 days, students who change their schedule will receive the Withdrew Passing (WP) or Withdrew Failing (WF) determined by their average in the course to that point. A student with a 54% at the time of withdrawal, would receive a WF while a student with an 84% at the time of withdrawal would receive a WP.

After 21 days, the grade earned in the honors/AP class follows the student to the next course, but teachers have flexibility to adjust the transfer grade based on demonstrated mastery of standards in the new course.

Withdrawing from an honors, AICE, OR AP course is also denoted with the WP or WF designation but cannot be done until after midpoint of the course.

Note-withdrawing from dual enrollment courses is governed by the college deadlines, not school policy.

SAHS Course Registration FAQ

1. Do all students meet with a counselor for a registration appointment?
 - Yes, all students, including rising 9th graders will meet with a counselor for a registration appointment.
2. How can I change my class to a less rigorous one?
 - We follow the SJCS D high school progression plan regarding course changes
3. I am in the 8th or 9th grade and want to apply for an academy, can I?
 - Yes, please refer to the SJCS D CTE webpage for application and deadline.
 - You may also speak with the SAHS Career Specialist
4. I am in the 11th or 12th grade and want to apply for an academy, can I?
 - No, students may only apply in the 8th Grade (rising 9th) or 9th Grade (rising 10th grade) years. See District Website for Deadlines.
5. I am in an academy and would like to drop the courses. What do I do?
 - Students who are in an academy and wish to drop, must speak with our Career Specialist for next steps.
 - Please keep in mind that a student who is attending SAHS out-of-zone for an academy will return to their home school if the academy courses are dropped from the student schedule
6. What do I do if I want to take a class virtually?
 - Students who wish to take a class that is not offered on the SAHS campus, may request a virtual period during their registration appointment with their school counselor.
 - After approval, it is the student's responsibility to sign up for the course through SJVS or FLVS
7. Am I required to take two years of a foreign language?
 - Two years of a foreign language is required for both college admission and the Bright Futures Scholarship
8. Am I eligible to receive a modified schedule?
 - Only students in the 12th grade are eligible for a modified schedule.
 - Students must have a 2.5 GPA and have earned 19 credits.
 - All modified schedule students must provide their own transportation to and from school.
 - You may request a modified period during your registration appointment with your school counselor.
9. How can I earn community service hours during the school day?
 - Qualifying students may enroll in a "Peer Pal" period for no credit. This will earn the student 50 community service hours, per semester
 - Peer Pal is only available to students in the 11th and 12th grade
10. I earned a D or F in a required course. How can I recover that grade?
 - Students who earn a final grade of D or lower on their transcript in a high school core course can take the course again to improve their GPA. Students can take the course through our APEX Recovery lab
11. I scored a level 1 or 2 on the literacy portion of the FAST. How will that impact my schedule next year?
 - Students who score a level 1 will be required to enroll in Reading for Success, a course designed to help students improve their literacy skills

- Students who score a level 2 may be enrolled in Reading for Success OR in an English course that is facilitated by a teacher who is extensively trained in reading education
12. I am a junior or senior with a job/internship, can I earn high school credit while working?
- Yes, students who enroll in an Executive Internship period must log 25 work hours per month (per enrolled period) to earn credit
 - 11th grade students may enroll in one period of Executive Internship
 - 12th grade students may enroll in up to four periods of Executive Internship
 - Executive Internship may be assigned a maximum of four times

Program of Choice Application in Home Access Center

Career Academy, JROTC, SJCCA, and Academic Program applications will be submitted through the student's **Home Access Center (HAC)**. **You will only be notified of your application status by email**, so please be sure to confirm that your guardian/parent email addresses are correct.

Step 1: Verify Your Guardian/Parent Contact Information

- Log into Home Access Center (HAC) with your **student login ID** and **password**. Please use the same login ID and password (otherwise known as your Active Directory credentials) as when you sign in to the school network. Your login ID will start with an S, followed by your student number.
- If you do not have your username and password, please see your teacher or the front office.
- Select the **Registration** Icon
- In the **Contacts** section, check that your **Guardian/Parent** email address is correct.
- Just below your student contact information is the **Guardian/Parent** mailing addresses and email addresses. If either of these are incorrect, please ask your guardian/parent to contact the front office at your current school.

Step 2: Apply for a Career Academy, JROTC, SJCCA, and/or Academic Programs

- In Home Access Center, select the **Classes** Icon.
- Select the **Requests** Tab
- Click the **Edit** button to the right of **Academy/Program of Choice Application**
- When you select the **Edit** button, you will be presented with a list of options.
- Each option is shown with a 1st Choice, 2nd Choice, or 3rd Choice in the description.
- Check an option with a '1st' to indicate your first choice – the academy or program that you **most** want to be in.
- Check an option with a '2nd' if you have a second choice.
- Check an option with a '3rd' if you have a third choice.

<input type="checkbox"/>	CHS Environ Science-1stChoice	CHSEUSES1
<input type="checkbox"/>	CHS Environ Science-2ndChoice	CHSEUSES2
<input type="checkbox"/>	CHS Environ Science-3rdChoice	CHSEUSES3

- You **may** request to be considered for programs located in different schools. However, you will only be selected for placement in a single school, in order of your choices. As a reminder, *transportation* is only provided to your **zoned** school.
- Click the **Save** button to save your preferences. Your selections will be shown on the Requests tab.

- 1) Students, parents, or guardians who do not have email or access to the internet may obtain a paper application from the Guidance Department at your current school.
- 2) To be considered for the St. Johns County Center for the Arts at St. Augustine High School or the Murray Middle School Center for the Arts:
 - a. You **MUST** apply by the same program deadline as for all Programs of Choice.
 - b. Students must attend an audition at the school. Audition information can be found at <https://cte.stjohns.k12.fl.us/join> by scrolling down and clicking on either the **St. Johns County Center for the Arts at St. Augustine High School Audition Information** or the **R.J. Murray Middle School Center for the Arts Audition Information**.
 - c. Students who pass their auditions will be accepted into the appropriate arts program.
 - d. Students who have not applied on time will not be permitted an audition and will not be accepted into an arts program.
- 3) Students applying for advanced academic programs (AICE, IB or the Early College Program) need to apply on-line and submit teacher recommendations to the appropriate School Coordinator by the application due date. Please see <https://cte.stjohns.k12.fl.us/registration/> for more detail.
- 4) Below are some examples of invalid Academy or Academic Program selections that will **invalidate** your application. You will be emailed to correct any errors before your application will be processed. **All errors must be corrected before the application deadline.**

Available Arts Programs	
<i>Offered at Murray MS</i>	<i>Offered at St Augustine HS</i>
	Band
Chorus	Ceramics
Dance	Chorus
Drama	Dance
	Digital Art
Graphic Design	Drama
Visual Arts	Drawing/Painting

SJCSD Graduation Requirements

Students may choose from one of four State options to earn a diploma:

- a four-year 24-credit standard program, with optional participation in:
 - o Scholar Designation
 - o Merit Designation
- an Advanced International Certificate of Education curriculum, or
- a three-year 18-credit ACCEL program (Academically Challenging Curriculum to Enhance Learning)

Diploma Options

24-Credit Diploma

24-Credit Program takes the traditional four years to complete high school and requires students to take at least 24 credits in core content areas. Foreign language credit is not required for this program, although it is recommended for Florida college preparation and is required for admission to Florida's state universities. At least one of the courses to meet graduation requirements must be an online course. Additionally, a financial literacy course is available to all students via St. Johns Virtual School. Students may fulfill the online course graduation requirement by taking a virtual course in middle or high school, online drivers' education. Students may also fulfill this requirement by: completion of a course in which a student earns a nationally recognized industry certification in information technology that is identified on the Career and Professional Education Act (CAPE) Industry Certification Funding List (1008.44, F.S.) or passage of the information technology certification without enrollment in or completion of the corresponding course(s).

Students who complete a minimum of 24 credits in courses designated as meeting the specified requirements, achieve a cumulative grade point average (GPA) of a 2.0 on a 4.0 scale, and earn a passing score on the statewide assessments required for high school graduation have an option to graduate in fewer than eight semesters (four years). A student who graduates from high school midyear may receive an initial Bright Futures Scholarship Award. The student must apply no later than December 31 of the student's graduation year.

Some standard high school diplomas may include, as applicable:

- a Merit designation reflecting one or more industry certifications from the approved list by Workforce Florida, Inc. 1003.492 F.S.
- a Scholar Designation for 9th grade cohorts 2014-2015 and forward – in addition to meeting the 24-credit standard high school diploma requirements, a student must:

- Earn 1 credit in Algebra 2 or an equally rigorous math course
- Pass the Geometry EOC
- Earn 1 credit in Statistics or an equally rigorous math course
- Pass the Biology EOC*
- Earn 1 credit in Chemistry or Physics or earn 1 credit in a course equally rigorous to Chemistry or Physics
- Pass the U.S. History EOC*
- Earn 2 credits in the same world language, and
- Earn at least 1 credit in AP, IB, AICE in a dual enrollment course.

*For the Scholar Designation, a student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB, or AICE Biology I or U.S. History course and (1) takes the respective AP, IB, or AICE assessment and (2) earns the minimum score to earn college credit.

- A Florida Seal of Biliteracy (1003.432 F.S.) – beginning in the 2016-2017 and forward – denoting attainment of a high level of competency in listening, speaking, reading, and writing in one or more foreign languages in addition to English, which is signified on the diploma and transcript as either a Gold Seal of Biliteracy or a Silver Seal of Biliteracy. A student must satisfy the following criteria:

- Silver Seal of Biliteracy
 - earn four foreign language course credits in the same foreign language with a cumulative 3.0 GPA, or
 - achieve a score of 600 or higher on the Scholastic Achievement Test (SAT) II foreign language exam or
 - pass a foreign language AICE exam
- Gold Seal of Biliteracy
 - earn four foreign language course credits in the same foreign language with a cumulative 3.0 GPA, and Level 4 or higher on the Grade 10 English Language Arts (ELA) Florida Standards Assessment (FSA) or
 - achieve a score of 700 or higher on the Scholastic Achievement Test (SAT) II foreign language exam or
 - pass a foreign language AICE exam

Advanced International Certificate of Education (AICE)

The AICE program is a rigorous pre-university courses of study, leading to internationally standardized examinations under the auspices of Cambridge International Examinations. AICE program students complete their AICE courses by sitting for a battery of comprehensive written, and in the case of foreign language, oral examinations at the end of the school year, which are sent to Cambridge University for scoring. See the AICE information further in this handbook.

The Cambridge course of study is delineated in the State Course Code Directory and supersedes the requirements of other programs. AICE students must complete the AICE curriculum, including a minimum of seven AICE courses to satisfy Florida's high school diploma requirements. Students who earn the AICE Diploma Award from Cambridge, by passing at least seven AICE examinations, and complete 100 hours of community service, will qualify for the Florida Bright Futures Academic Scholar Award, the higher level of that scholarship.

AICE students may earn up to 45 credits toward a college degree by successfully passing exams. The specific course for which a student receives credit shall be determined by the postsecondary institution that accepts the student for admission. The State Board of Education has established rules that specify the cutoff scores on AICE examinations that will be used to grant postsecondary credit at Florida public community colleges and universities.

Students who complete the Cambridge AICE program are exempt from the following courses:

- HOPE
- Economics and American Government
- Performing/Practical Arts
- The online course requirement

Note: If a student exits the AICE program, these courses will be required for a standard diploma.

18-Credit ACCEL Program

The requirements of this program are identical to the 24-credit standard diploma program option except:

- 1 credit in PE is not required
- 3 electives are required instead of 8
- Online course is not required
- 18 total credits (student may earn additional credits)

This diploma program may be completed in three years, but students may take longer to complete it. All other graduation requirements for a 24-credit standard diploma must be met. Students selecting the 18-credit program shall be treated equally with students graduating via the minimum 24-credit general high school graduation program in all ways, including eligibility for valedictorian, salutatorian, Talented 20, and Bright Futures. Students enrolled in the 18-credit graduation program shall not be excluded from activities traditionally provided for graduating students during their anticipated graduation year. A student choosing the 18-credit graduation program must attend high school as a full-time student for three full school years, which may include virtual school. Students who choose the 18-credit graduation program may still qualify for acceleration programs (e.g., Advanced Placement, dual enrollment, International Baccalaureate and AICE) and for a Florida Bright Futures Scholarship if they meet the eligibility and/or admissions requirements for those programs and scholarships.

Selection of an accelerated high school graduation program may be completed by a student at any time and is entirely up to the student and parent/legal guardian. Students who fail to select the 18-credit graduation program shall be considered to have selected the 24-credit graduation program.

High School Awards and Honors

If a school chooses to delineate honor graduates, the following criteria shall be used based on weighted grade point average (GPA) calculated at the end of the seventh semester with no rounding up:

- Summa Cum Laude: students with a weighted GPA of 4.5000 or above,
- Magna Cum Laude: students with a weighted GPA of 4.0000 to 4.4999,
- Cum Laude: students with a weighted GPA of 3.5000 to 3.9999.

Home School Students

At St. Augustine High School, when a homeschool student requests to enroll in any course on our campus they will be required to take a total of three classes: two core and one elective. This applies to students who are zoned for SAHS and out-of-zone students who are accepted into an academy. Per the SJCS D Pupil Progression Plan, homeschool students who request to participate in an extracurricular sport, and who are zoned for our school, are not required to enroll in SAHS courses. Please note that all requests are subject to course availability and principal approval.

SJCSD Dual Enrollment

Through an articulation agreement, SJCSD students attend dual enrollment courses at St. Johns River State College (SJRSC). A student may request an exception to the SJRSC attendance requirement by filing a dual enrollment waiver. Steps for obtaining a dual enrollment waiver include the following:

- Upon consultation with the school counselor, the student must complete a Dual Enrollment Waiver Request Form provided by the school counselor. Completing the petition process does not guarantee approval of the waiver.
- The student must write a statement requesting an exception be made to the policy requiring his/her participation in Dual Enrollment at SJRSC, which serves the St. Johns County School District. In this statement, an explanation must be given describing the rationale for the request.
- The school counselor must submit the waiver request form to the principal for approval/disapproval.
- If approved, the principal must submit the waiver to the Director for Secondary Instructional Services for approval.
- The Director for Secondary Instructional Services must submit the approved waiver to the Director of Dual Enrollment at SJRSC.

Dual enrollment courses may be taken during school hours, after school hours and during the summer term. A student shall be granted credit toward high school graduation requirements for appropriate courses taken through dual enrollment. Without prior approval, there is no guarantee that high school credit will be granted for non-SJRSC courses.

Vocation-preparatory instruction, college-preparatory instruction, and other forms of pre-collegiate instruction, as well as physical education courses that focus on the physical execution of skills rather than the intellectual attributes of the activity are ineligible for inclusion in the dual enrollment program.

Dual enrollment shall be offered on the high school campus whenever possible. Students should take DE courses on their zoned high school campus if they are offered there, as opposed to the SJRSC campus. Taking a dual enrollment course through a 4-year state university is not an option if the course is offered on the local high school campus or SJRSC. A waiver would be needed when the advanced studies progression of the student requires a third-year college curriculum. The district has an articulation agreement with UNF for these very unusual circumstances. Dual enrollment courses receive the same weighting for GPA calculation as International Baccalaureate (IB), Advanced International Certificate of Education (AICE), and Advanced Placement (AP).

Prerequisites for Dual Enrollment

- Students must first meet district qualifications for honors course placement to be considered for dual enrollment.
- Students must demonstrate readiness for college-level coursework if the student is to be enrolled in college courses.
- Career dual enrollment is limited to students enrolled in courses/programs leading to industry certification.
- Public school students must have a 3.0 unweighted GPA for college-credit dual enrollment courses, or a 2.0 unweighted GPA for career certificate dual enrollment courses.
- Exceptions to the required GPAs may be granted if the school and community college agree and the terms of the agreement are contained within the dual enrollment articulation agreement.
- Participation in the career early admission program shall be limited to students who have completed a minimum of four semesters of full-time secondary enrollment, including studies undertaken in the ninth grade.
- A High School GPA may not be required for home education students to participate in dual enrollment courses who meet the minimum score on a common placement test or other qualifying placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework.

To continue participation in college-credit dual enrollment, students must maintain a 3.0 unweighted high school GPA and the minimum postsecondary GPA established by SJRSC. To continue participation in career certificate dual enrollment courses, students must maintain a 2.0 unweighted high school GPA.

Early Career Program for Rising 9th Graders

One of the many Programs of Choice offered by St. Johns County School District is Early Career Program available to all eligible students on a “space available” basis per career program. There are specific application and eligibility requirement for this program. Accepted students will attend St. Augustine High School and FCTC to complete high school and industry requirements. Out of zone students are responsible for transportation. The available programs are listed above. Click [How to Apply](#) for more information and application deadlines.

Students will apply to the Early Career Program via the SJCSD Lottery Application Process, selecting SAHS Early Career as their Program of Choice. All applications received for this program will be reviewed to ensure students meet eligibility requirements prior to acceptance. Students will also be contacted after they apply to declare which FCTC program they are applying for. This cannot be changed, as the programs each have a set number of seats available.

Available programs for the Early Career Program are: Automotive Service Technology, Diesel Systems Technology, Welding Technology, Heating, Ventilation, Air Conditioning/Refrigeration, Landscape and Turf Management, Nursery Management, Professional Culinary Arts and Hospitality, Dental Assisting, Medical Assisting

Course Weighting

GRADING SCALE		
Grades	Descriptor	GPA Unweighted Value (High School)
A = 90 -100	Outstanding Progress	4.0
B = 80 - 89	Above Average Progress	3.0
C = 70 - 79	Average Progress	2.0
D = 60 - 69	Lowest Acceptable Progress	1.0
F = 0 - 59	Failure	0
I = 0	Incomplete	0

The district weighting policy:

- AICE, Dual Enrollment, and AP courses will receive an academic weighting of 1.0
- Pre-AICE and Level 3 courses (except PE) will receive an academic weighting of 0.5

Honors Criteria

Honors or Advanced Course Definition The following types of courses are deemed honors or advanced level and are subject to the placement criteria cited:

- Pre-AICE/International General Certificate of Secondary Education (IGCSE) courses,
- Advanced International Certificate of Education (AICE) courses,
- Dual Enrollment (DE) courses,
- Advanced Placement (AP) courses,
- Honors level courses designated in the SJCS D High School Course Catalog, or
- Honors level and AP courses offered by Florida Virtual School that are taken as part of a student's Customized Learning Path (CLP).

Honors or Advanced Course Placement

The St. Johns County School District criteria for honors or advanced course placement are any one of the following:

Grades - A grade of C or better in the previous honors course or a grade of A in the previous standard course

FSA/FAST - Level 4 or 5 in appropriate area and not less than a Level 3 in any area

- on Mathematics FSA/FAST for placement in honors mathematics classes
- on Reading FSA/FAST for placement in honors English, social studies and science or foreign language

PSAT – A score of 480 or higher on the appropriate assessment

- Math score for mathematics honors class placement
- Reading and/or language for English, social studies, science and foreign languages honors class placement

Please Note: Students with level 1 or 2 on their ELA-FSA will be placed in courses that provide targeted or intensive reading interventions, and the students may not qualify for an honors level course.

EXCEPTIONAL STUDENT EDUCATION

Placement for Students with Disabilities Students with disabilities shall be placed in appropriate courses as dictated by their Individual Education Plan (IEP). Specially designed instruction will be provided by an ESE teacher or other service provider in the Least Restrictive Environment (LRE) as determined by the IEP team. In most cases, this will be in the regular education classroom with their non-disabled peers, but some ESE students may require instruction in a separate environment for some portion of the day.

Advanced International Certificate of Education (AICE) Fact Sheet

<http://www.sahs.stjohns.k12.fl.us/aice/> and <https://www.cambridgeinternational.org/>

What does AICE stand for?

A.I.C.E. stands for Advanced International Certificate of Education.

What is the AICE Program?

The AICE Program is an International Pre-University Preparation Program, part of the Cambridge Assessment Group, a not-for-profit organization, and a department of the University of Cambridge in England. Pre-AICE courses taken primarily during the 9th & 10th grade prepare students for AICE-level (college level) courses. Students will take their first AICE level courses during 9th grade, and more are added each successive year. Each AICE-level course culminates with a Cambridge exam. Students can earn college credit for passing scores in every AICE-level exam they take. AICE courses are among the highest level, most rigorous available to students in St. Johns County Schools and across the world.

How well-known and widespread is the AICE Program?

More than 10,000 schools offer Cambridge programs worldwide. Cambridge operates in 160 countries across 6 regions: Americas, Asia Pacific, Europe, the Middle East and North Africa, South Asia, and Southern Africa. Over 150 schools in Florida and over 200 across the U.S. offer the Cambridge Program, while more are being added each year. The 800th anniversary of Cambridge University was celebrated in 2009, and Cambridge Assessment, which is the *world's largest provider* of international examinations, celebrates 162 years in 2020.

All 12 public colleges/universities in the state of Florida, 100% of Ivy League universities, and over 640 universities across the U.S. accept AICE (or "GCE A-Levels") credits-by-exam, with varying policies.

How can I participate in the AICE Program?

Current St. Johns County 9th or 10th grade students complete an online application for AICE through their Home Access Account. All others will access the online application through the St. Johns County Public School District Academies website. Online application deadlines and decision notification dates are available on the St. Johns County Public School (SJCPS) District Career Academies website.

Optimal Indicators for Success in the AICE Program

- FSA Reading and Writing scores at level 4 or higher
- Successful completion of Algebra 1 (not required, but strongly recommended)
- A/B Student, challenging themselves with advanced level courses

- Highly motivated for academic success
- Positive Teacher Recommendations
- Willingness to complete assignments beyond the regular school day

What courses am I required to take if I'm in the AICE Program?

Students in the AICE Program must successfully complete at least seven AICE-level (college) courses and exams during 9th – 12th grade, with at least one from each of 3 subject categories **in addition to** the Core (Cambridge International AS Global Perspectives). The three categories are: 1) Math/Science, 2) Language, and 3) Arts & Humanities.

How are the courses in the AICE Program different than other high school courses?

AICE courses are college-level courses, emphasizing more analytical reasoning, collaboration, and research with a heavy emphasis on clear, concise writing skills. Because these courses require a higher-level analysis than the typical high school course, students can expect them to move at a faster pace and to spend more time studying than other high school courses.

How does the AICE Program differ from the IB program?

Students in the AICE program choose courses which emphasize their areas of academic strength, while enjoying the flexibility to pursue other areas of interest as well, rather than requiring every student to take the same courses, at the same level in all subjects. Students may be able to achieve a higher overall GPA with courses that are a better match to their abilities. Although the rigor and academic expectations of an AICE course are at the highest level, the AICE Program does not emphasize memorization as much as immersion in the subject utilizing critical analysis, reasoning and writing skills. AICE-level courses in a diverse range of subjects, allowing students to pursue their unique interests on a college level.

How much time can I expect to spend on homework in the AICE Program?

Many students who have never had to spend much time studying in middle school find that to be successful in the AICE Program, they now have to put forth more effort. Students can expect an average of 90 to 120 minutes of homework per night. Students will need to be committed to nightly studying and completing all assignments; counting on test scores or last minute “cramming” will not bring success.

Are the Pre-AICE and AICE courses weighted for GPA calculation?

One extra half G.P.A. quality point (.5) is awarded for grades in Pre-AICE courses. One extra G.P.A. quality point (1.0) is awarded for grades in AICE courses.

Is there an advantage to being in the AICE Program for the Bright Futures Scholarship Program?

YES! Students who are able to pass a minimum of seven AICE exams, with one in each of the academic categories, will earn the AICE Diploma Award (ADIP) from Cambridge. These students are automatically eligible for the Florida Academic Scholars Award (the highest level) of the Bright Futures Scholarships (the one that pays 100% of tuition!) as long as they have documented 100 hours of community service, two years of foreign language and have completed the academic course requirements. However, for ADIP earners, Bright Futures **waives the SAT/ACT score AND the GPA requirements!**

What is the advantage of being in AICE for college admissions?

A FACTS.org study of High School Acceleration Programs (AICE, IB, AP and Dual Enrollment) showed that **AICE and DE students earn the highest percentage of postsecondary (college) credit - 98% for each program.** Colleges award additional admissions points for the academic rigor of Pre-AICE and AICE-level courses, preferring that students challenge themselves with the AICE-level course and examination process over standard or honors. Regardless of a student's AICE Exam scores (and therefore, college credit-by-exam

earned), college admissions boards are more interested in a student's overall performance in the subject coursework (i.e., grades) when admissions decisions are being made.

How many colleges in Florida and across the US accept AICE college credit?

The Cambridge exams are recognized around the world as “AS and A Level” courses/credits – AICE is what the Cambridge program is called in the U.S. All 12 public colleges/universities in the state of Florida accept AICE Exam credits as mandated by the Florida Department of Education. 100% of Ivy League universities and over 640 private and out-of-state universities in the U.S. recognize & accept AS and A Level exam credits (with varying policies regarding AICE, AP, IB or Dual Enrollment credits earned) with more being added each year.

Where does the course content for AICE courses come from?

AICE courses follow a course syllabus that is designed by Cambridge Assessment International Education.

What type of training do the AICE teachers go through?

Ongoing specialized training for AICE teachers is provided by Cambridge Assessment International Education. SAHS AICE teachers attend yearly trainings to ensure that they are on track with new methods and teaching materials, and to encourage increased success in the courses, and exam passing rates.

Cambridge AICE Program Planning Sheet – Course Progression Options
(For the Class of 2028 and beyond)

Student Name: _____ Class of: _____

College Plan/Major: _____

Planning Your Schedule

High School Credits earned in Middle School: _____ Course(s): _____

The AICE curriculum requires completing **seven AICE courses** from the Freshman to Senior years, with at least one course and exam from each of three subject groupings, AND the “Core” (see back page). Students may take as many AICE courses as desired, as long as there is a teacher recommendation and the minimum requirement (7) is met (at least 8 is preferred). Required courses/subjects are in bold.

Freshman Year Schedule

_____ **AICE English Language 1 (AS)**
_____ **Pre-AICE Global Perspectives**

AICE Exam Tracking and Course Options

Student Name: _____ Class of: _____

AICE Program Curriculum Requirements

The AICE Curriculum requires students to successfully complete a minimum of seven AICE level courses and the corresponding examinations, with at least one course and exam from each of three subject groupings AND the "Core":

AICE level courses and exams offered at SAHS within each subject grouping:

Math & Science

_____ Biology
_____ Math
_____ Physics (AS/AL)
_____ Chemistry (ASAL)
_____ *Environmental Management
_____ *Psychology (AS/AL)
_____ Marine Science
_____ *Physical Education

Languages

_____ English Language AS
_____ English Language AL
_____ Spanish Language AS

Arts & Humanities

_____ English Literature AS
_____ English Literature AL
_____ US History
_____ International History
_____ European Hist. (AL)
_____ Geography
_____ *Psychology (AS/AL)
_____ Art & Design (AS/AL)
_____ Dig. Media & Design
_____ Drama
_____ Music (AS/AL)

Core (required)

_____ Global Perspectives

Optional

Interdisciplinary Category

_____ General Paper
_____ Thinking Skills
_____ Global Perspectives AL
_____ Global Perspectives AL

Art & Design is offered in
Draw/Paint or Ceramics

***AICE Psychology** is a Social Science course and can count in either the Math/Sci. or Humanities categories for AICE and is considered an academic elective to colleges. However, it counts as an elective credit on the high school transcript, not as a math or science credit.

AICE Diploma Award (earned from/awarded by Cambridge – not SAHS):

In order to be on track toward completion of the AICE Diploma Award, you must pass a minimum of seven exams, with at least one exam from each of the three subject groupings AND the "Core". Students who pass the required seven exams will earn the AICE Diploma Award from Cambridge International Examinations (not to be confused with your SAHS High School Diploma).

Academic course options with increased rigor: (All Pre-AICE courses are "honors" weighted (+.5 GPA point) all DE & AP courses = additional 1.0 GPA point):

English

Eng. Honors 1 & 2
American Lit. Hon.

Math

Alg./Geom. Honors

Any Pre-AICE, Level 3, or above

SJCCA

St. Johns County Center for the Arts
AT ST. AUGUSTINE HIGH SCHOOL

The St. Johns County Center for the Arts provides artistically gifted students with a pre-professional program of study designed to develop their unique talents in the performing and visual arts. In an environment that is supportive and intellectually challenging, SJCCA prepares students to be members of an artistic society. Commitment and self-discipline are necessary to advance through the school's academic and artistic studies. SJCCA has four strands: **Music** (band, jazz band, vocal/chorus, guitar, orchestra, piano), **Dance**, **Theater** (theater, musical theatre and theater tech) and **Fine Arts** (2D, 3D and digital art). SJCCA students must audition before they are accepted into the program.

SJCCA will train students in their chosen art(s) to be competitive in pre-professional and higher education experiences. Students are able to take multiple art classes, in different arts areas, in order to fulfill their passion and interests in the arts.

There is a recommended course of study recommended for students during all four years of their high school career.

SJCCA allows students to shine on stage, in a performance, in the community or in an art showcase. All students who are accepted are expected to perform at the highest level and work to grow as artists.

<https://www.sjcca.org/>

The Academy of Law and Homeland Security provides opportunity to learn technical knowledge and practical skills related to professions in the field of Law and Homeland Security such as Law Enforcement Officer, Public Service Aide, Forensic Science Technicians, Paralegals and Legal Assistants, and 911 Dispatch Telecommunicator. Instructors bring a combined 50 years of professional experience in Criminal Justice/Education and engage students actively through their career student technical organization, the Florida Public Service Association (FPSA). The Academy is supported and counseled by an advisory board that includes St. Johns County Sheriff's Office, St. Augustine Police Department, St. Johns County Clerk of Court, Florida Highway Patrol, St. Johns River State College, FCTC, and the National Parks Service.

Level one of Criminal Justice Operations is a study of theory, best practices, courts, jails, the U.S. juvenile justice system, and participate in a mock court trial.

Level two of Criminal Justice Operations exposes the student to law enforcement skills such as patrolling techniques, report writing, traffic crash investigations, and use of force regulations and tactics.

Level three of Criminal Justice Operations offers the first weighted high school credit in the program. The student will learn crime scene investigation procedures, evidence collection techniques, and the processing of evidence.

Level four of Criminal Justice Operations provides weighted high school credit and 3 tracks for opportunity for either Public Service Aide, Certified Legal Assistant, and Code Enforcement. Students can complete the requirements for the Florida Class D Security Guard license, the Police Service Aide, and be exposed to the 911 Telecommunicator program.

Public Safety Telecommunication course is a supplemental course in the Academy preparing students with training through 911 simulator dispatch technology. Students earn nationally recognized industry certification, satisfying training requirements in the lab and completing Florida state dispatch license.

Juniors and Seniors have the opportunity to Dual Enroll with St Johns River State College to earn college credits in Criminal Justice and Criminology.

Summer internships are available for students and sponsored by St. Johns County Office of Career and Technical Education. Students enjoy guest speakers from industry, conduct field studies to local agencies, and engage in cross-curricular studies. <https://cte.stjohns.k12.fl.us/academies/sahs-security/>

St Johns River State College:

Homeland Security Specialist (4092)
- CCJ 1020 Introduction to Criminal Justice*
- CJE 1006 Police and Society*
- CJL 1100 Criminal Law*
*Available through Dual Enrollment @SAHS

St Johns River State College:

Criminal Justice Technology (0080) - A.S. Degree
Criminal Justice - Applied Intelligence Studies (8500) - B.S. Degree

Common Teacher Certification
High School:

Law Enforcement (LAW ENF)
Public Service (PUB SERV)
Corrections Officer (CORR OFF)
Public Safety Tech (PUB SAF TE)
*Additional certification(s) may be applicable, please refer to FLDOE Frameworks

Industry Certification Exams:

- 911 Public Safety Telecommunicator (FDMQA030) - Florida Department of Health
- Accredited Legal Professional (TAFLP001) - National Associate of Legal Support Professionals (NALS, Inc.)
- Florida Class "D" Security Officer License - Florida Department of Agriculture and Consumer Services**
- Florida Public Service Aide**

**not CAPE Eligible

Potential Careers:

- Compliance Officer
- Public Service Assistant
- Forensic Science Technician
- Paralegals and Legal Assistant
- Public Safety Telecommunicator
- Private Security Guard

Business Partners:

- St Johns County Sheriff's Office
- St Augustine Police Department
- St Johns County Code Enforcement
- St Johns County Fire Rescue
- Florida Department of Corrections
- National Parks Service
- Northrop Grumman
- Allied Universal

The four-year curriculum, rich with dual enrollment opportunities, embraces a core of exploratory teaching courses which allow students the advantage to begin student teaching while in high school. In addition, the program provides a seamless articulation with and transition to teacher preparation programs in Florida's University system. Through the academy concept, students are offered small learning communities, college-preparatory curriculum with a career theme, and partnerships with employers and/or mentors.

The Academy of Future Teachers partners with St. Johns County Schools to provide opportunity to conduct their field work during throughout the year, attending classrooms 1-2 classes per week. Level one, *Introduction to the Teaching Profession* students work with elementary school teachers and students, focusing one semester in Early Childhood Development, grades Pre-K to Kindergarten and the second semester working with grades 1-5. Level two, *Human Growth and Development* students work with middle school and high school aged students. Level three, *Foundations of Curriculum and Instruction* students work in Exceptional Student Education classrooms and Career and Technical Education classrooms. At senior level, students choose between a variety of dual enrollment options: St Johns River State College, University of North Florida, and First Coast Technical College. They also choose an educational setting for their senior internship. Throughout each classroom field study, students effectively observe, aide and assist, develop lesson plans and deliver lessons.

St. Augustine High School works collaboratively with Creekside Academy of Future Teachers. We are supported and counseled by a shared advisory board including members such as St. Johns County School District, University of North Florida, St. Johns River State College, Flagler College, National Parks Service and Department of Environmental Protection. Summer internship opportunities are available to students and hosted by St. Johns County Office of Career and Technical Education. Teachers in the Academy of Future Teachers bring a combined 30 years of classroom experience and engage students actively through career and technical student organization, Florida Future Educators of America (FFEA).

JROTC's Mission is to motivate young people to be better citizens.

The U.S. Army Junior Reserve Officers' Training Corps (JROTC) is one of the largest character development and citizenship programs for youth in the world. The National Defense Act of 1916 established organized JROTC programs at public and private educational institutions. In 1964, Congress expanded the program to all military services and changed from active duty to shared support from the services and schools. As congressionally mandated by Title 10 United States Code, Section 2031, each military service must have a JROTC program to "instill in students in United States secondary educational institutions the values of citizenship, service to the United States, and personal responsibility and a sense of accomplishment." JROTC's mission, "To Motivate Young People to be Better Citizens", is the guidepost for the program's success.

JROTC Lead Education Development courses and extracurricular team competitions such as: Knowledge Bowl, Raiders, Rifle, Color Guard /Honor Guard, Saber, and Drill Team to build character and camaraderie within the cadet companies and battalion. Students work with professional and decorated military leaders 1st Sergeants and Colonels who teach core values of teamwork and leadership and bring a combined 70 years of military and JROTC teaching experience into the JROTC classroom and field. Students learn leadership skills transferable to any professional career pathway and make lifelong friends along the way.

Leadership Education and Training (LET) level 1 students learn technical knowledge and practical skills related to Citizenship in Action, Leadership Theory, Foundations for Success and Mandatory Core Service. LET level 2 students learn knowledge and practice in Wellness, Fitness and First Aid; Geography and Earth Science; Citizenship in American History and Government; and, Mandatory Core Service. LET level 3 students learn to practice Citizenship in Action; Leadership Theory and Application; Foundations for Success; Citizenship in American History and Government; and, Mandatory Core Service. LET level 4 students practice Service to the Nation; Leadership Principles; Teaching Skills; and Mandatory Core Service.

The program offers the opportunity for students to be more competitive when applying for a military Academy, college SJROTC, or just a college. Completing three years of this program also allows a student to enter the military at a higher rank and grade than what someone who does not complete this program.

THE ACADEMY OF AVIATION & AEROSPACE

at St. Augustine High School

in partnership with Embry Riddle Aeronautical University

The Academy of Aviation and Aerospace offers an introduction to careers in STEM. Students choose between two unique strands. **Aviation Maintenance:** offers pathways to post-secondary employment in the field of aviation. Students receive technical training to prepare for careers such as A&P Mechanic and Aviation Maintenance Technician. Students will learn by building drones and troubleshooting aircraft components.

Aerospace Studies: offers as many as 12 hours of dual enrollment credits from Embry-Riddle. Students can earn industry certifications in USI Small Unmanned Aircraft Safety, Visual Line of Sight System Operator (VSO), Part 107 Commercial Drone Pilot, and FAA Private Pilot certifications.

In both strands: students learn the basic math and science necessary for aviation fields, have opportunities to explore space flight by building and launching rockets, learn to fly using flight simulators, and learn how to program and operate professional grade drones. Students learn fundamentals of principles of flight, aircraft fabrication and mechanics, engineering, unmanned aircraft system (UAS) piloting, and practice simulated flight. St. Augustine High School has established an approved airspace, Area 17, where students can fly licensed unmanned aircraft systems (“drones”).

Academy instructors bring a combined 76 years of professional aviation experience and engage students actively through classroom, lab, and outdoor flight activities. Students engage in extracurricular and competition activities through their student-led career and technical student organization, Aerospace Club.

The Academy is supported and counseled by our advisory board, including members from St. Augustine Airport Authority, Civil Air Patrol, Northrup Grumman, Embry Riddle, FCTC, Jacksonville University, St. Johns River State College, Carlisle Technologies, NAS JAX Fleet Readiness Center, and Space-X.

St. Augustine High School has partnered with the finest aviation and aeronautical university in the world, Embry-Riddle Aeronautical University, to provide students with a concurrent enrollment model that offers:

- Dual enrollment courses
- Weighted high school credit
- FAA-approved training

Classes are taught by Embry-Riddle professors at St. Augustine High School, providing opportunity to:

- Save up to \$10,000 in tuition at ERAU
- Earn free college credit up to 12 credits

Course Code Catalog THE CORE

English/Language Arts

AICE English General Paper 1

Course Number: 1009400

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description:

The Cambridge International AS Level English General Paper encourages learners to engage with a variety of topics, including knowledge and understanding gained from study of other subjects. They learn to become confident in analyzing knowledge and opinion from a variety of sources, to build arguments and to communicate through written English.

AICE English Language AS Level

Course Number: 1001550

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description:

Students will explore a rich range of contemporary texts including speeches, reviews, editorials, brochures, blogs, diaries, biographies, essays, advertisements, and even voiceovers and podcasts to fully understand and appreciate the power of language. Students who successfully complete AICE English Language find themselves ready to meet the demands of college writing tasks while improving their ability to communicate effectively in college and beyond.

AICE English Literature 1 AS Level

Course Number: 1005370

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Placement.

Course Description:

The purpose of this course is to engage students in the careful reading and critical analysis of imaginative literature of various styles, genres, and periods, thus developing independent critical competency in the study of literature and fostering a high level of achievement in reading, writing and speaking. Students will also acquire an understanding of the resources of the language and of the writer's craft.

AICE English Literature 2 A Level

Course Number: 1005375

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE English Language and Literature AS Level (#1001555)

Course Description:

The aim of this course is to develop skills of reading and analysis of texts. Students are encouraged to undertake wider reading to aid understanding of the texts studied. They will learn skills of effective and appropriate communication including the ability to discuss the critical context of texts. Students will answer questions on a range of poems, prose and plays, with options from the canon of English Literature and modern texts in English. Close study of all the texts chosen is needed in preparation for a choice of essay and passage-based questions.

American Literature Honors

Equal to English 3 Honors

Course Number: 1020810

Credit: 1.00

Weight: Standard 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria

Course Description:

The purpose of American Literature is to provide students integrated language arts study in reading, writing, speaking, listening, and language, in preparation for college and career readiness through analysis of high complexity American literary texts. Students will engage in active reading of varied American literary texts for what they express explicitly, as well as the logical inferences that can be drawn with analysis of text craft and structure, arguments and claims supported by textual evidence, power and impact of language, influence of history, culture, and setting and with equal focus on writing for varied purposes.

English 1

Course Number: 1001310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course builds upon previous years' language arts experiences, emphasizing a survey of literary genres, the writing process, reading strategies, study skills and vocabulary development. The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

English 2

Course Number: 1001340

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: English I

Course Description:

This course builds upon previous years' language arts experiences emphasizing a survey of world literature, advanced reading strategies, modes of writing including expository, persuasive, narrative and descriptive. The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

English 3

Course Number: 1001370

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: English II

Course Description:

This course builds upon previous years' language arts experiences and emphasizes the research process and a survey of American literature. The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

English 4

Course Number: 1001400

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: English III

Course Description:

This course builds upon previous years' language arts experiences and emphasizes a survey of British literature and post-secondary writing applications. The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

English Honors 1

Course Number: 1001320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria

Course Description:

The purpose of this course is to build upon previous years' language arts experiences through accelerated, in-depth studies emphasizing a survey of literary genres, writing process, reading strategies, study skills and vocabulary development. *The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

English Honors 2

Course Number: 1001350

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: English I and Meet Honors Criteria

Course Description:

The purpose of this course is to build upon previous years' language arts experiences through accelerated, in-depth studies emphasizing a survey of world literature, advanced reading strategies, modes of writing including expository, persuasive, narrative and descriptive. *The English courses of St. Johns County each incorporate the language arts strands of reading, writing, listening, language, literature, viewing and speaking as designated in the Sunshine State Standards.

Intensive Reading 1-4

Course Numbers: 1000412, 1000414, 1000416, 1000418

Credit: 1.0

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: Administrative Placement

Course Description:

The instruction and practice in reading skills for students reading below grade level.

Journalism 5 Honors YEARBOOK

Course Number: 1006331

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to perform advanced skills in the production of journalism across print, multimedia, web, and broadcast/radio platforms and to develop advanced knowledge of journalism history, ethics use, and management techniques related to the production of journalistic media.

Journalism 6 Honors YEARBOOK

Course Number: 1006332

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to perform advanced work in the production of journalism across print, multimedia, web, and broadcast/radio platforms and to develop advanced knowledge of journalism history, ethics use, and management techniques related to the production of journalistic media. School and professional publication efforts are expected.

Journalism 7 Honors YEARBOOK

Course Number: 1006333

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to perform advanced work in the production of journalism across print, multimedia, web, and broadcast/radio platforms and to develop extended knowledge of journalism history, ethics use and management techniques related to the production of journalistic media. School and professional publication efforts are expected.

Film 1

Course Number: 0107410

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

Students explore the fundamental concepts, terminology, techniques, and applications of digital imaging to create original work. The instructional focus will be on film. Students produce digital animated images through the single or combined use of computers, digital cameras, digital video cameras, scanners, photo editing software, drawing and painting software, graphic tablets, printers, new media, and emerging technologies. Through the critique process, students evaluate and respond to their own work and that of their peers to measure artistic growth. This course incorporates hands-on activities, the use of technology, and consumption of art materials.

Film 2

Course Number: 0107420

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Film 1 and teacher recommendation

Course Description:

Building on the foundational knowledge gained in *Film Studies 1*, where students explored the history of cinema and examined various film genres, *Film Studies 2* takes a deeper dive into the artistry of filmmaking. In this course, students will focus on the role of directors, the concept of auteur theory, and the evolution of major film movements that have shaped the landscape of cinema. Through in-depth analysis of iconic directors and their distinct styles, students will learn how certain filmmakers leave a personal imprint on their work, shaping not only the films they direct but also influencing broader cinematic trends and cultural narratives. Directors such as Alfred Hitchcock, Christopher Nolan, Akira Kurosawa, and Steven Spielberg will serve as case studies in how visionaries use film to communicate complex ideas, emotions, and stories. The course will introduce key film movements and film language and how these tools and techniques impact a viewer's experience.

Theatre, Cinema, & Film Production

Course Number: 0400660

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

In Theatre, Cinema, and Film Production, a one-credit course, students explore the elements of film and cinematic techniques used by those who create movies. Students study the techniques in film that serve the story and articulate the theme. Students also prepare a comparative for theatre, film, and literature. Public performances may serve as a resource for specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or film production beyond the school day to support, extend, and assess learning in the classroom.

Mathematics

Advanced Placement Calculus AB

Course Number: 1202310

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Pre-Calculus, Meet Honors Criteria and Teacher Recommendation

Course Description:

Calculus AB is primarily concerned with developing the students' understanding of the concepts of calculus and providing experience with its methods and applications. The courses emphasize a multi-representational approach to calculus, with concepts, results, and problems being expressed graphically, numerically, analytically, and verbally. The connections among these representations also are important. Major topics include: Functions, Graphs, and Limits, Derivatives, and, Integrals. Extensive out of class preparation is required. Students are expected to take a final AP exam.

Advanced Placement Calculus BC

Course Number: 1202320

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AP Calculus AB, Meet Honors Criteria and Teacher Recommendation

Course Description:

Calculus BC is an extension of Calculus AB rather than an enhancement, common topics require a similar depth of understanding. Major topics include: Functions, Graphs, and Limits, Derivatives, Integrals, and, Polynomial Approximations and Series. Extensive out of class preparation is required. Students are expected to take a final AP exam.

Advanced Placement Statistics

Course Number: 1210320

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Algebra 2, Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of the AP course in statistics is to introduce students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. Students are exposed to four broad conceptual themes: Exploring Data: Describing patterns and departures from patterns, Sampling and Experimentation: Planning and conducting a study, and Anticipating Patterns: Exploring random phenomena using probability and simulation.

AICE Mathematics

Course Number: 1202352

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Algebra 2 Honors

Course Description: Cambridge International A Level Mathematics develops a set of transferable skills. These include the skill of working with mathematical information, as well as the ability to think logically and independently, consider accuracy, model situations mathematically, analyze results and reflect on findings. Learners can apply these skills across a wide range of subjects and

these skills equip them well for progression to higher education or directly into employment.

Algebra I

Course Number: 1200310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: M/J Grade 8 Pre-Algebra

Course Description:

This course, or its equivalent, is a required course for graduation. The critical areas of this course deepen and extend understanding of the number system and of linear and exponential relationships by contrasting them with each other and by applying linear models to statistical data that exhibit a linear trend, and students engage in methods for analyzing, solving, and using quadratic functions. The standards for these critical areas fall into three reporting categories: Algebra and Modeling, Functions and Modeling, and, Statistics and the Number System. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that student experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios. Students must participate in the End-of-Course examination.

Algebra I Honors

Course Number: 1200320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

This course is a rigorous study designed for the student who excels in both ability and performance in mathematics. The critical areas of this course deepen and extend understanding of the number system and of linear and exponential relationships by contrasting them with each other and by applying linear models to statistical data that exhibit a linear trend, and students engage in methods for analyzing, solving, and using quadratic functions. The standards for these critical areas fall into three reporting categories: Algebra and

Modeling, Functions and Modeling, and, Statistics and the Number System. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios. Students must participate in the End-of-Course examination.

Algebra 1-A

Course Number: 1200370

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: M/J Grade 8 Pre-Algebra

Course Description:

The purpose of this course is to develop the algebraic concepts and processes that can be used to solve a variety of real-world and mathematical problems. This is the first of a two-year sequence of courses, Algebra 1-A and Algebra 1-B. Together, the two courses fulfill the Algebra 1 requirements (Course Number 1200310). There are two critical areas of this course: Relationships Between Quantities and Reasoning with Equations and Linear and Exponential Relationships. These critical areas deepen and extend understanding of the number system and of linear and exponential relationships by contrasting them with each other and by applying linear models to statistical data that exhibit a linear trend, and students engage in methods for analyzing, solving, and using quadratic functions. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios.

Algebra 2

Course Number: 1200330

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Algebra 1, Geometry and Teacher Recommendation

Course Description:

This second course in algebra is designed for college bound students. This course builds on work with linear, quadratic, and exponential functions, and extends student repertoire of functions to include polynomial, rational, and radical functions. Students will work closely with the expressions that define the functions, and continue to expand and hone their abilities to model situations and to solve equations, including solving quadratic equations over the set of complex numbers and solving exponential equations using the properties of logarithms. The standards for this course fall into three reporting categories: Algebra and Modeling, Functions and Modeling, and, Statistics and the Number System. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios.

Algebra 2 Honors

Course Number: 1200340

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Algebra 1, Geometry, Meet Honors Criteria and Teacher Recommendation

Course Description:

This course is a rigorous study designed for the student who excels both in ability and performance in college preparatory mathematics. This course builds on work with linear, quadratic, and exponential functions, and extends student repertoire of functions to include polynomial, rational, and radical functions. Students will work closely with the expressions that define the functions and continue to expand and hone their abilities to model situations and to solve equations, including solving quadratic equations over the set of complex numbers and solving exponential equations using the properties of logarithms. The standards for this course fall into three reporting categories: Algebra and Modeling, Functions and Modeling, and, Statistics and the Number System. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and

logical subject that makes use of their ability to make sense of real-world scenarios.

Geometry

Course Number: 1206310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Algebra 1 and Teacher Recommendation

Course Description:

Geometry is a course designed for college bound students. In this course, students explore more complex geometric situations and deepen their explanations of geometric relationships, moving towards formal mathematical arguments. The standards for this course fall into three critical areas (reporting categories): Congruence, Similarity, Right Triangles and Trigonometry, Circles, Geometric Measurement and Geometric Properties with Equations, and, Modeling with Geometry. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios. This course emphasizes the relationship between Algebra and Geometry in preparation for Algebra 2.

Geometry Honors

Course Number: 1206320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Algebra 1, Meet Honors Criteria and Teacher Recommendation

Course Description:

This course is designed for the student who excels in both ability and performance in college preparatory mathematics. This is a rigorous study in which students will explore more complex geometric situations and deepen their explanations of geometric relationships, moving towards formal mathematical arguments. The standards for this course fall into three critical areas (reporting categories): Congruence, Similarity, Right Triangles and Trigonometry, Circles, Geometric Measurement

and Geometric Properties with Equations, and, Modeling with Geometry. The Standards for Mathematical Practice apply throughout each course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of real-world scenarios. Extensive out-of-class preparation is required. This course emphasizes the relationship between Algebra and Geometry in preparation for Algebra 2 Honors.

Math for College Liberal Arts

Course Number: 1207350

Credit: 1.0

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Geometry

Course Description: In Mathematics for College Liberal Arts, instructional time will emphasize five areas: (1) analyzing and applying linear and exponential functions within a real-world context; (2) utilizing geometric concepts to solve real-world problems; (3) extending understanding of probability theory; (4) representing and interpreting univariate and bivariate data and (5) developing understanding of logic and set theory.

Math for Data and Financial Literacy Honors

Course Number: 1200388

Credit: 1.0

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Algebra 2

Course Description: In Mathematics for Data and Financial Literacy Honors, instructional time will emphasize five areas: (1) extending knowledge of ratios, proportions and functions to data and financial contexts; (2) developing understanding of basic economic and accounting principles; (3) determining advantages and disadvantages of credit accounts and short- and long-term loans; (4) developing understanding of planning for the future through investments, insurance and retirement plans and (5) extending knowledge of data analysis to create and evaluate reports and to make predictions.

AP Pre-Calculus

Course Number: 1202305

Credit: 1.00

Weight: Honors 01.0

Term: Yearlong

Prerequisite: Algebra 2, Meet Honors Criteria and Teacher Recommendation

Course Description:

Throughout this course, students develop and hone symbolic manipulation skills, including solving equations and manipulating expressions, for the many function types throughout the course. Students also learn that functions and their compositions, inverses, and transformations are understood through graphical, numerical, analytical, and verbal representations, which reveal different attributes of the functions and are useful for solving problems in mathematical and applied contexts. In turn, the skills learned in this course are widely applicable to situations that involve quantitative reasoning.

Probability&Statistics with Applications Honors

Course Number: 1210300

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of this course is to introduce students to the fundamentals of descriptive and inferential statistics with a pronounced emphasis on inference. Major topics include: Conditional Probability and the Rules of Probability, Making Inferences and Justifying conclusions, Interpreting Categorical and Quantitative Data, and, Using Probability to Make Decisions.

Science

AICE Chemistry (AS Level)

Course Number: 2003371

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Pre-AICE Chemistry and Teacher recommendation

Course Description:

This course includes theoretical concepts which are fundamental to the subject, a section on some current applications of chemistry and a strong emphasis on advanced practical skills. The course will foster creative thinking and problem-solving skills which are transferable to any future career path.

AICE Environmental Management

Course Number: 2001381

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Pre-AICE Biology and Algebra 1

Course Description:

Co-Requisites: None. AICE Environmental Science develops scientific knowledge and understanding of global environmental issues and theories, and of the policies and strategies for managing the environment. The course covers the sustainable use and management of resources, and strategies that aim to protect environments. Learners will interpret and analyze data and do investigative work. Case studies allow teachers to choose their own examples to investigate, which may be local, regional or global.

AICE Marine Science AS Level

Course Number: 2002515

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Pre-AICE Chemistry or AICE Environmental Science

Course Description:

The purpose of this course is to give a thorough introduction to the study of Marine Science. Topics covered will include: Marine ecosystems and biodiversity, Energy flow amongst food chains and webs, Nutrient cycles in the Marine Ecosystem, Coral Reefs and Lagoon systems, Physical and Chemical Oceanography.

AICE Physics AS Level

Course Number: 2003431

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Biology Honors

Course Description:

Co-Requisites: AICE Math or higher math. The purpose of this course is to provide opportunities to study the concepts, theories and laws governing the interaction of matter, energy and forces, and their applications through exploratory investigations and activities.

Biology I

Course Number: 2000310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Environmental Science

Course Description:

The course provides information and activities in the life sciences. Among the topics covered are: Molecular and cellular biology, classification, heredity and evolution, populations and ecosystems. Students who complete this course will take the state end of course exam which comprises 30% of their grade for the year.

AICE Physics A Level

Course Number: 2003433

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Pre-AICE Chemistry or AICE Physics AS Level

Course Description:

Co-Requisites: AICE Math or higher math. In addition to greater depth of topics covered in AICE Physics IAS, students will learn about: circular motion, gravitational fields, ideal gases, temperature, thermal properties of materials, oscillations, electronics, magnetic fields and quantum physics.

Anatomy and Physiology Honors

Course Number: 2000360

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Honors Biology, meet honors criteria

Course Description:

This course provides greater depth of topic on the structure and functions of the human body. The content includes anatomical terminology, histology, systems of the body, organization and development of living things, genetics and disease processes.

Biology I Honors

Course Number: 2000320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet honors criteria, teacher recommendation.

Course Description:

Co-requisite: Geometry Honors or higher. This course provides greater depth of topic and faster pace than Biology I. Among topics covered are: Molecular and cellular biology, classification, heredity and evolution, ecosystems. Students who complete this course will take the state end of course exam which comprises 30% of their grade for the year.

Pre-AICE Chemistry

EQUAL TO CHEMISTRY I HONORS

Course Number: 2003372

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite:

Pre-AICE Biology and Teacher recommendation

Course Description:

Laboratory investigations which include the use of scientific inquiry, research, measurement, problem solving and experimental procedures are an integral part of this course.

Earth/Space Science

Course Number: 2001310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Biology

Course Description:

The purpose of this course is to develop and apply concepts basic to the Earth, its materials, processes, history and environment, and, to learn concepts about our universe.

Environmental Science

Course Number: 2001340

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course gives students opportunity to explore living and non-living relationships in the environmental world. Students will learn about various types of renewable and non-renewable resources, and human impact on the environment. Students will have opportunity to discuss the impact of human activity and will learn sustainability practices.

Marine Science I

Course Number: 2002500

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Biology

Course Description:

The purpose of this course is to provide an overview of the marine environment. Content includes marine systems, formation of the oceans and interrelationships between man and the ocean environment.

Marine Science Honors

Course Number: 2002510

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Biology

Course Description:

The purpose of this course is to provide an overview of the marine environment. Content includes marine systems, formation of the oceans and interrelationships between man and the ocean environment. This course includes some rigorous standards that are not part of the standard course.

Physical Science Honors

Course Number: 2003320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

Co-Requisite Algebra I Honor. This purpose of this course is to provide students with the introductory concepts of physics and chemistry. Math is an integral part of this course. interrelationships between man and the ocean environment.

Social Studies

AICE Economics I

Course Number: 2102321

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description:

The syllabus covers a range of basic economic ideas, including an introduction to the price system and government intervention, international trade and exchange rates, the measurement of employment and inflation, and the causes and consequences of inflation. Learners also study the price system, the theory of the firm, market failure, macroeconomic theory and policy, and economic growth and development.

AICE European History 1 AS Level

Course Number: 2109371

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Corequisite: AICE Placement

Course Description:

The purpose of this course is to enable students to understand the developments that shaped Modern European History. This will be achieved with a holistic understanding of Europe as a geographic region from 1789 to 1939.

AICE International History 1 AS Level

Course Number: 2100490

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to engage students in some of the major international issues of the nineteenth and twentieth centuries, analyzing the history of particular regions in more depth. The emphasis is on both historical knowledge and on the skills required for historical research. Learners develop an understanding of the nature of cause and effect, continuity and change, similarity and difference and find out how to use and understand historical evidence as part of their studies.

AICE Psychology 1 AS Level

Course Number: 2107360

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Placement in AICE Program and Meet Honors Criteria

Course Description: Students in this course develop their appreciation of psychology by exploring the ways in which psychology is conducted. As part of their studies, learners also review important research, this provides an insight into the ways in which psychology has been applied, thereby leading to a better understanding of key approaches, research methods and issues and debates. This course includes four core areas of psychology, namely biological, cognitive, learning and social, it also relates psychology to abnormality, consumer behavior, health and organizations.

AICE Psychology 2 A Level

Course Number: 2107370

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Psychology 1 AS Level

Course Description: Students in this course deepen their appreciation of psychology by exploring the ways in which psychology is conducted. As part of their studies, learners also review important

research, this provides an insight into the ways in which psychology has been applied, thereby leading to a better understanding of key approaches, research methods and issues and debates. This course includes four core areas of psychology, namely biological, cognitive, learning and social, it also relates psychology to abnormality, consumer behavior, health and organizations.

AICE United States History I AS Level

Course Number: 2100500

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Placement

Course Description:

The purpose of this course is to enable students to understand the development of the United States within the context of history with a major focus on the transformation of the USA from an isolated agrarian society of the 1840's to the world's leading superpower.

AP Human Geography

Course Number: 2103400

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Placement

Course Description:

AP Human Geography is an introductory college-level human geography course. Students cultivate their understanding of human geography through data and geographic analyses as they explore topics like patterns and spatial organization, human impacts and interactions with their environment, and spatial processes and societal changes.

Economics

Course Number: 2102310

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The primary content emphasis for this course pertains to the study of the concepts and processes

of the national and international economic systems. Content should include, but is not limited to, currency, banking, and monetary policy, the fundamental concepts relevant to the major economic systems, the global market and economy, major economic theories and economists, the role and influence of the government and fiscal policies, economic measurements, tools, and methodology, financial and investment markets, and the business cycle.

Economics Honors

Course Number: 2102320

Credit: 0.50

Weight: Honors 0.5

Term: Semester

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of this more rigorous course pertains to the study of the concepts and processes of the national and international economic systems. Content should include, but is not limited to, currency, banking, and monetary policy, the fundamental concepts relevant to the major economic systems, the global market and economy, major economic theories and economists, the role and influence of the government and fiscal policies, economic measurements, tools, and methodology, financial and investment markets, and the business cycle.

Psychology I

Course Number: 2107300

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: 1.5 Credits in Social Science

Course Description:

Through the study of psychology, students acquire an understanding of and an appreciation for human behavior, behavior interaction and the progressive development of individuals. This course prepares students to understand their own behavior and the behavior of others.

Psychology 2

Course Number: 2107310

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: 1.5 Credits in Social Science

Course Description: Through the study of psychology, students acquire an understanding of and an appreciation for human behavior, behavior interaction and the progressive development of individuals. This course continues to prepare students to understand their own behavior and the behavior of others.

American Economic Experience

Course Number: 2102390

Credit: 0.50

Weight: Honors 0.5

Term: Semester

Prerequisite: None

Course Description: The American Economic Experience: Scarcity and Choice – The grade 9-12 The American Economic Experience: Scarcity and Choice consists of the following content area strands: American History, World History, Economics and Geography. The primary content emphasis for this course pertains to the study of the concepts and processes of economics in the American system. Content should include, but is not limited to, currency, banking, and monetary policy, the fundamental concepts relevant to the development of a market economy, the American mixed-market system, the global market and economy, major economic theories, the role and influence of the government and fiscal policies, economic measurements, tools, and methodology, personal finance, financial and investment markets, and the business cycle.

United States Government

Course Number: 2106310

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to gain an understanding of American government and political behavior that is essential for effective citizenship and active involvement in a democratic American society.

United States Government Honors

Course Number: 2106320

Credit: 0.50

Weight: Honors 0.5

Term: Semester

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of this more rigorous course is to enable students to gain an understanding of American government and political behavior that is essential for effective citizenship and active involvement in a democratic American society.

United States History

Course Number: 2100310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to understand the development of the United States within the context of history with a major focus on the post-Reconstruction period. Students will use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.

United States History Honors

Course Number: 2100320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of this more rigorous course is to enable students to understand the development of the United States within the context of history with a major focus on the post-Reconstruction period. Students will use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.

World History

Course Number: 2109310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to understand their connections to the development of civilizations by examining the past to prepare for their future as participating members of a global community. Students will use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.

World History Honors

Course Number: 2109320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria and Teacher Recommendation

Course Description:

The purpose of this more rigorous course is to enable students to understand their connections to the development of civilizations by examining the past to prepare for their future as participating members of a global community. Students will use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures and humanities to solve problems in academic, civic, social and employment settings.

THE NON-CORE

Arts/Visual Arts

Advanced Placement Drawing

Course Number: 0104300

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Drawing/Painting II or Portfolio and Teacher Recommendation

Course Description:

The purpose of this course is to give advanced students the opportunity to develop quality, concentration, discipline, and breadth in drawing. Students are expected to take a final AP exam. A fair share fee of \$50.00 is required.

Advanced Placement 2D Digital Art and Design

Course Number: 0109350

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description:

This Advanced Placement course is intended to address a very broad interpretation of two-dimensional (2-D) design issues. This type of design involves purposeful decision-making about how to use the elements and principles of art in an integrative way. The course is for the advanced student who wishes to seek AP credit through submitting a portfolio of work for consideration by the College Board. A fair share fee of \$50.00 is required. A fair share fee of \$50.00 is required.

Advanced Placement 3-D Art and Design

Course Number: 0109360

Credit: 1.00

Weight: 1.00

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description: AP 3-D Art and Design is an introductory college-level three-dimensional design course. Students refine and apply skills and ideas they develop throughout the course to produce three-dimensional art and design. A fair share fee of \$50.00 is required.

AICE Art and Design 1 AS Level

Course Number: 0101370

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Placement in AICE Program and Meet Honors Criteria

Course Description:

The purpose of this course is to enable students to communicate ideas or concepts through the use of design and composition while making critical judgments and showing an appreciation and cultural awareness of the world around them. It is concerned with independent visual perception and aesthetic execution in the development of an idea, theme or subject. They will demonstrate their ability to select and control materials while analytically recording from direct observation and personal experience. A fair share fee of \$50.00 is required.

AICE Art and Design 2 A Level

Course Number: 0101371

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Art & Design 1

Course Description:

Art and Design covers a broad range of related activities, areas, and approaches to study. All assessments follow the assessment objectives regardless of the chosen area of study. Centres can design their own course of study, by selecting from one of the following areas of study: Painting and Related Media, Sculpture, Printmaking, Textiles, Graphic Design, Ceramics, Fashion Design, Photography, Digital and Lens Media. For Components 2 and 3 candidates must specialize in one of the above areas. This list is not exhaustive and other areas of study – e.g. jewelry, puppetry – are quite acceptable. The following details are to be used for guidance only and are not prescriptive or comprehensive. The intention is for candidates to follow a field of study in research, development, and realization, at some depth. A fair share fee of \$50.00 is required.

AICE Digital Media & Design 1 AS Level

Course Number: 0108400

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description:

The Cambridge International A Level Art and Design syllabus considers expression and communication. Learners gain an understanding of visual perception and aesthetic experience, and the ways in which art and design creates a language of its own. Most of the work is practical or studio based, so that learners can develop their abilities of observation and analysis of the visual world, sensitivity, skill, personal expression, and imagination. They also learn how to relate their skills to an enhanced knowledge of their own cultures, past and present, as well as an appreciation of practical design problems.

AICE Digital Media & Design 2 A Level

Course Number: 0108410

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description: This syllabus is for learners who want to explore a range of processes and techniques in digital media. The subject content is grouped into three broad areas of study: digital photography, moving image through film and animation, and mobile and multimedia applications including games design. You can structure a course around a single area of study or create a course that includes a combination of two or three areas of study.

Cambridge International AS & A Level Digital Media & Design helps learners develop the knowledge and skills that will prepare them for further study and to work in a collaborative industry. They will develop an awareness of the world of digital media and design and the factors and contexts that influence it. Learners will:

- develop creative processes and the ability to critically evaluate their work to continually review and refine ideas
- learn how to combine innovative approaches and techniques to solve problems creatively
- expand their knowledge of digital media by exploring different designers, processes, and concepts.

Digital Art Imaging

Course Number: 0108370

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

Students explore the fundamental concepts, terminology, techniques, and applications of digital imaging to create original work. Students produce digital still images through the single or combined use of computers, digital cameras, scanners, photo editing software, drawing, and painting software, graphic tablets, printers, new media, and emerging technologies. Through the critique process, students evaluate and respond to their own work and that of their peers to measure artistic growth.

Pre-AICE Art and Design: 3D Studies IGCSE Level

Course Number: 0101375

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Placement in AICE Program and Meet Honors Criteria

Course Description:

The purpose of this course is to enable students to communicate ideas or concepts through the use of design and composition while making critical judgments and showing an appreciation and cultural awareness of the world around them. It is concerned with independent visual perception and aesthetic execution in the development of an idea, theme or subject. They will demonstrate their ability to select and control materials while analytically recording from direct observation and personal experience. A fair share fee of \$30.00 is required.

Pre-AICE Art and Design: Painting and Related Media IGCSE Level

Course Number: 0104415

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Drawing/Painting II or Portfolio and Teacher Recommendation

Course Description:

The purpose of this course is to give advanced students the opportunity to develop quality, concentration, discipline and breadth in drawing. Students are expected to take a final AICE exam. A fair share fee of \$30.00 is required.

Drawing I

Course Number: 0104335

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

Students experiment with the media and techniques used to create a variety of two-dimensional (2-D) artworks through the development of skills in drawing. Students practice, sketch, and manipulate the structural elements of art to improve mark making and/or the organizational principles of design in a composition from observation, research, and/or imagination. Through the critique process, students evaluate and respond to their own work and that of their peers. This course incorporates hands-on activities and consumption of art materials.

Painting I

Course Number: 0104365

Credit: 0.50

Weight: Standard 0.0

Prerequisite: None

Course Description: Students experiment with the media and techniques used to create a variety of two-dimensional (2-D) artworks through the development of skills in painting. Students practice, and manipulate the structural elements of art to improve mark making and/or the organizational principles of design in a

composition from observation, research, and/or imagination. Through the critique process, students evaluate and respond to their own work and that of their peers. This course incorporates hands-on activities and consumption of art materials.

Creating Three-Dimensional Art

Course Number: 0101365

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

Students in Creating Three-Dimensional Art, investigate a wide range of media and techniques, from both an historical and contemporary perspective, as they engage in the art-making processes of creating 3-D artworks, which may include sculpture, assemblage, and/or ceramics. Student artists reflect on their own artwork and that of others through critical analysis to achieve artistic goals related to craftsmanship, technique, and application of 21st-century skills. This course incorporates hands-on activities and consumption of art materials.

Ceramics/Pottery I

Course Number: 0102305

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to recognize the properties, possibilities and limitations of clay by creating functional and nonfunctional works of ceramics and pottery using basic hand-building techniques.

A fair share fee of \$20.00 is required.

Pre-AICE 2D Digital Design Honors

Course Number: 0109320

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description:

Students work in a self-directed environment to develop a portfolio showing a body of their own work that visually explores a particular artistic concern, articulated and supported by a written artist's statement. Artists may work in, but are not limited to, content in drawing, painting, printmaking, mixed media, traditional photography, digital photography, and/or new media and emerging technologies that demonstrate understanding of design principles as applied to a 2-dimensional surface. Students regularly reflect on aesthetics and art issues individually and as a group, and manipulate the structural elements of art and organizational principles of design to create 2-dimensional works of art that are progressively more innovative and representative of the student's artistic and cognitive growth. In keeping with the rigor expected in an accelerated setting, students' portfolios show personal vision and artistic growth over time, mastery of visual art skills and techniques, and evidence of sophisticated analytical and problem-solving skills based on their

structural, historical, and cultural knowledge. Students are self-directed and display readiness for high levels of critical thinking, research, conceptual thinking, and creative risk-taking.

Applied, Combined, and Integrated Course

HOPE-Physical Education (Core)

Course Number: 3026010

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to develop and enhance healthy behaviors that influence lifestyle choices and student health and fitness.

Career and Technical Education

Aerospace Technologies Honors 1

Course Number: 8600580

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Acceptance to Aerospace Academy

Course Description:

This course provides students with an introduction to the knowledge, human relations, and technological skills found today in Aerospace Technologies. This course is used exclusively by the St. Johns Aerospace Academy.

Aerospace Technologies Honors 2

Course Number: 8600680

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Acceptance to Aerospace Academy, Aerospace Tech 1

Course Description:

This program provides students with an intermediate understanding of the knowledge, human relations, and technological skills found today in Aerospace Technologies. This course is used exclusively by the St. Johns Aerospace Academy.

Aerospace Technologies Honors 3

Course Number: 8601780

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Acceptance to Aerospace Academy, Aerospace Tech 1&2

Course Description:

This program provides students with an advanced understanding of the knowledge, human relations, and technological skills found today in Aerospace Technologies. This course is used exclusively by the St. Johns Aerospace Academy.

Advanced Technologies Applications

Course Number: 8601900

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Completion of Aerospace Technologies 1, 2, and 3

Course Description:

The purpose of this course is to serve as a capstone course to provide Engineering and Technology Education students with the opportunity, to develop a project from "vision" to "reality". Working in teams to design, engineer, manufacture, construct, test, redesign, test again, and then produce a finished "project". This would involve using ALL of the knowledge previously learned, not only in technology education, but across the curriculum.

Criminal Justice Operations 1

Course Number: 8918010

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course is designed to introduce students to the fields of law enforcement, the court system, and the correctional system. The content includes career opportunities in these fields, court system, correctional system, interpersonal and communication skills, and employability skills.

Criminal Justice Operations 2

Course Number: 8918020

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Criminal Justice Operations 1

Course Description:

This course is designed to develop competencies in patrol, traffic control, defensive tactics and physical proficiency skills, and first aid and cardiopulmonary resuscitation skills.

Criminal Justice Operations 3

Course Number: 8918030

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Criminal Justice Operations 2

Course Description:

This course is designed to develop competencies in crime and accident investigation procedures, forensic science tasks, crime prevention, and property control procedures.

Criminal Justice Operations 4

Course Number: 8918050

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this program is to prepare students for employment as a Private Security Officer, Public Service Aide, and/or Code Enforcement Officer. The content includes, but is not limited to, legal issues, basic first aid, emergency procedures, ethics and professional conduct, access control, patrol techniques, report writing, interview techniques, fire safety, crime and accident prevention and protection, terrorism awareness, public relations, courtroom procedures, communication skills, and personal protection. The curriculum covers an understanding of the Administrative Aspects of Code Enforcement and proper report writing skills. The student will demonstrate officer safety in field applications and demonstrate an awareness of legal issues facing the code enforcement specialist.

Dispatcher: Police, Fire, Ambulance

Course Number: 9101100

Credit: 1.50

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

911 Dispatch Criminal Justice Academy Class. This course will prepare students to become a Dispatch Operator for the police, EMS, security firms, etc. They will pursue obtaining the 911 Public Service Aide industry certification.

Foundations of Curriculum and Instruction

Course Number: 8909030

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

This course is designed to develop competencies related to supporting the learning activities of students that involve literacy and multiple intelligences, it includes job related math skills and the ability to prepare classroom materials.

Human Growth and Development

Course Number: 8909020

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course is designed to develop competencies in the legal factors related to education, creating assessments, the supervision of student health and safety, the reporting of child abuse and drug abuse, working with exceptional students, diversity awareness, and strategies to support students' learning activities.

Introduction to the Teaching Profession

Course Number: 8909010

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course is designed to develop competencies related to the role, regulations, and career path of teacher aides, the role of education, leadership and CTSO activities, interpersonal and communication competencies in the areas of use and maintenance

Principles of Teaching Internship

Course Number: 8909040

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The course is designed for students to apply their knowledge in real world education settings. Students must complete an internship in an approved setting based on students' area of interests. The internship is designed for students to work with a mentor teacher to provide daily supervision and provide the students the opportunities to integrate content and pedagogical knowledge. Students will be observed by the instructor using the local school district's approved formal observation process during the internship. The student will also complete and submit a completed portfolio and Capstone project by the end of the course for feedback.

Dance (The SJCCA Dance program requires the following fair share fees: Beginning and Intermediate Dance- \$150.00, Advanced Dance- \$200.00, and Honors Dance- \$600.00)

Dance Repertory 1

Course Number: 0300400

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: By Audition

Course Description:

Students study the historical works of professional choreographers in one or more genres, such as ballet, modern, jazz, or other traditional dance forms. Students learn to understand and apply each choreographer's movement design and artistic intent, respecting the work as each choreographer's intellectual property, and gain skills for group and self-assessment, analysis, and problem solving. Public performances may serve as a culmination of specific instructional goals. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. Students in this class may need to obtain (e.g., borrow, purchase) appropriate footwear and/or dance attire from an outside source.

Dance Repertory 2

Course Number: 0300410

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: By Audition

Course Description:

Students study the historical works of exemplary professional choreographers in one or more genres, learning to understand and apply each choreographer's movement design and artistic intent, and respecting the work as each choreographer's intellectual property. Students learn about Narrative, Literal, Non-Literal and Abstract dances, gaining skills for group and self-assessment, analysis, and problem solving. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. Students in this class may need to obtain (e.g., borrow, purchase) appropriate footwear and/or dance attire from an outside source.

Dance Repertory 4 Honors

Course Number: 0300430

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: By Audition

Course Description:

Students study the historical background and works of professional choreographers in one or more genres, and have the ability to apply, and respect each choreographer's movement design, artistic intent, and intellectual property. Students may demonstrate Narrative, Literal, Non-Literal and Abstract dance, advancing skills for group and self-assessment, analysis, and problem solving. Dancers assess their skills and techniques in the context of careers in theatrical, commercial and concert dance. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. Students in this class may need to obtain (e.g., borrow, purchase) appropriate footwear and/or dance attire from an outside source.

Dance Techniques I

Course Number: 0300310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

Students in this year-long, entry-level course, designed for those having no prior dance instruction, learn foundational skills in two or more dance styles. Their development of fundamental dance technique is enriched and enlivened through study of works by a variety of diverse artists, developing genre-specific movement vocabulary and dance terminology, and building knowledge and skills related to somatic practices, dance composition, analysis of effort and outcomes, dance history and culture, collaborative work, and rehearsal and performance protocols.

Dance Techniques 2

Course Number: 0300320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Dance Techniques I and Teacher Recommendation

Course Description:

Students in Dance Techniques II, a year-long course, build on previously acquired knowledge and fundamental technical skills in two or more dance forms, focusing on developing the aesthetic quality of movement in the ensemble and as an individual.

Dance Techniques 3 Honors

Course Number: 0300330

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: By Audition

Course Description:

Students in this year-long, intermediate-level course, designed for dancers who have mastered the basics in two or more dance forms, build technical and creative skills with a focus on developing the aesthetic quality of movement in the ensemble and as an individual.

Dance Techniques 4 Honors

Course Number: 0300334

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite:

Dance Tech III and Teacher Recommendation

Course Description:

Students in this year-long, intermediate-level course, designed for dancers who have mastered the basics in two or more dance forms, build technical and creative skills with a focus on developing the aesthetic quality of movement in the ensemble and as an individual.

Eurhythmics

Course Number: 1305300

Credit: 1.00

Weight: 0.0

Term: Yearlong

Prerequisite: By Audition

Course Description:

Student dancers develop basic skills in performing and evaluating choreographed performances as an independent ensemble and in cooperation with a music ensemble. Emphasis is placed on dance, equipment manipulation, precision, and the relationship between music and dance. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.

Drama/Theatre Arts

Acting 4 Honors

Course Number: 0400400

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Acting III, Teacher Recommendation and Audition

Course Description:

Students create characters for theatrical and film/video productions through scene, character, and technical analysis. Through improvisation, script writing, and aesthetic creation and collaboration, actors refine their working knowledge and independent thought, articulating and justifying their creative choices. Students' "critical eye" becomes more developed and significant mastery of artistic choices becomes evident. An inquiry-based capstone project may be required. Public performances may serve as a culmination of specific instructional goals. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom.

AICE Drama AS Level

Course Number: 0400346

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description: Cambridge International AS & A Level Drama encourages learners to develop their skills in performing, devising and researching a wide range of theatrical styles and genres. They learn to communicate with an audience through practical and creative work on performance texts and their own devised material, both as individuals and in groups. Underpinned by theoretical and practical study, they learn to research, analyse, create and interpret, and to become skilled, well-informed, and reflective theatrical practitioners who enjoy drama.

AICE Drama A Level

Course Number: 0400347

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: None

Course Description: Cambridge International AS & A Level Drama encourages learners to develop their skills in performing, devising and researching a wide range of theatrical styles and genres. They learn to communicate with an audience through practical and creative work on performance texts and their own devised material, both as individuals and in groups. Underpinned by theoretical and practical study, they learn to research, analyse, create and interpret, and to become skilled, well-informed, and reflective theatrical practitioners who enjoy drama.

Musical Theatre 1

Course Number: 0400700

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Drama I, "C" or above, Teacher Recommendation

Course Description:

Students learn from the styles and techniques used by well-known singer-actor-dancers and choreographers to build a performance portfolio for auditions and/or interviews. Students examine the contributions of major writers, composers, lyricists, and choreographers of musical theatre and learn to analyze the structures, stories, and settings of musical theatre exemplars to understand how those components serve the story and concept. Students extend their dance and movement techniques required to sing and dance at the same time. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Musical Theatre 2

Course Number: 0400710

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Musical Theatre I, "C" or above, Teacher Recommendation

Course Description: Students learn from the styles and techniques used by well-known singer-actor-dancers and choreographers to build a performance portfolio for auditions and/or interviews. Students examine the contributions of major writers, composers, lyricists, and choreographers of musical theatre and learn to analyze the structures, stories, and settings of musical theatre exemplars to understand how those components serve the story and concept. Students extend their dance and movement techniques required to sing and dance at the same time. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Musical Theatre 3

Course Number: 0400720

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Musical Theatre II, "C" or above, Teacher Recommendation

Course Description: Students refine their audition techniques and performance/audition portfolio, and consider the contributions of musical theatre in the community and beyond. Students select a number of pieces to showcase their abilities and become conversant about individuals who, currently and in the past, are considered major contributors to the field. Students refine their dance and movement techniques required to sing and dance for long periods of time in rehearsals and performance. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend and/or participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Pre-AICE Drama IGCSE Level

Course Number: 0400345

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to develop student understanding of drama through practical and theoretical study.

Technical Theatre: Design & Production 1

Course Number: 0400410

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Drama I or Teacher Recommendation

Course Description: Students create characters for theatrical and film/video productions through scene, character, and technical analysis. Through improvisation, script writing, and aesthetic creation and collaboration, actors refine their working knowledge and independent thought, articulating and justifying their creative choices. Students' "critical eye" becomes more developed and significant mastery of artistic choices becomes evident. An inquiry-based capstone project may be required. Public performances may serve as a culmination of specific instructional goals. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Technical Theatre: Design & Production 2

Course Number: 0400420

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Technical Theatre Design & Production I and Teacher Recommendation

Course Description:

Students focus on the design and safe application of basic tools and procedures to create elements of technical theatre, including costumes, lighting, makeup, properties (props), publicity, scenery, and sound. Students develop assessment and problem-solving skills, the ability to connect selected literature to a variety of cultures, history, and other content areas. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or performances beyond the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Technical Theatre: Design & Production 3

Course Number: 0400430

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Technical Theatre Design & Production II and Teacher Recommendation

Course Description:

Students regularly reflect on aesthetics and issues related to and addressed through theatre, and create within various aspects of theatre. Student designers and technicians assemble a portfolio that showcases a body of work representing artistic growth over time, growing command of theatre skills and techniques in one or more areas, and evidence of significant oral and written analytical and problem-solving skills. Public performances may serve as a culmination of specific instructional goals. Students may be required to attend or participate in technical work, rehearsals, and/or performances beyond the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Technical Theatre: Design & Production 4 Honors

Course Number: 0400440

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria, Stagecraft III and Teacher Recommendation (Acting IV or audition – SAHS)

Course Description:

Students regularly reflect on aesthetics and issues related to and addressed through theatre, and create within various aspects of theatre in ways that are progressively more innovative. Students analyze increasingly more sophisticated theatre literature to inform the work of developing technical design and production pieces for one-acts or a larger production. Students assemble a portfolio that showcases an extensive body of work representing personal vision and artistic growth over time. Public performances may serve as a culmination of specific instructional goals. Students may be required to participate in rehearsals and performances outside the school day to support, extend, and assess learning in the classroom. A fair share fee of \$150.00 is required.

Theatre I

Course Number: 0400310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

This course is designed for students with little or no theatre experience and promotes enjoyment and appreciation for all aspects of theatre. Classwork focuses on the exploration of theatre literature, performance, historical and cultural connections, and technical requirements. Improvisation, creative dramatics, and beginning scene work are used to introduce students to acting and character development. Incorporation of other art forms in theatre also helps students gain appreciation for other art forms, such as music, dance, and visual art. A fair share fee of \$35.00 (no event or shows) or \$165.00 (All events included) is required.

Theatre 2

Course Number: 0400320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Drama I, Teacher Recommendation and Audition.

Course Description:

This course is designed for students with a year of experience or more and promotes enjoyment and appreciation for all aspects of theatre through opportunities to build significantly on existing skills. Classwork focuses on characterization, playwriting, and playwrights' contributions to theatre, while improvisation, creative dramatics, and scene work are used to help students challenge and strengthen their acting skills and explore the technical aspect of scene work.

Theatre 3 Honors

Course Number: 0400330

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Drama II and Teacher Recommendation

Course Description:

This course is designed for students with significant experience in theatre and promotes depth of engagement and lifelong appreciation for theatre through a broad spectrum of teacher-assigned and self-directed study and performance. Students regularly reflect on aesthetics and issues related to and addressed through theatre and create within various aspects of theatre in ways that are progressively more innovative. In keeping with the rigor expected in an accelerated setting, students assemble a portfolio that showcases a significant body of work representing personal vision and artistic growth over time, mastery of theatre skills and techniques in one or more areas, and evidence of significant oral and written analytical and problem-solving skills based on their structural, historical, and cultural knowledge. A fair share fee of \$35.00 (no event or shows) or \$165.00 (All events included) is required.

Theatre 4 Honors

Course Number: 0400340

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Drama III and Teacher Recommendation

Course Description:

This course is designed for students with extensive experience in theatre and promotes significant depth of engagement and lifelong appreciation for theatre through a broad spectrum of primarily self-directed study and performance. In keeping with the rigor expected in an accelerated setting, students assemble a portfolio that showcases a significant body of work representing personal vision and artistic growth over time, mastery of theatre skills and techniques in one or more areas, and evidence of sophisticated oral and written analytical and problem-solving skills based on their structural, historical, and cultural knowledge. A fair share fee of \$35.00 (no event or shows) or \$165.00 (All events included) is required.

Introduction to The Creative Arts

Course Number: 0400300/0300305

Credit: 0.5/.05

Weight: Standard 0.0

Term: Semester 1/Semester 2

Prerequisite: None

Course Description: Students explore various performance, technical, and administrative aspects of theatre. Students learn about basic characterization through physical activity, reading selected theatre literature, reading and writing theatrical reviews, and analysis of such tools as scripts, costuming, and theatrical makeup. Public performances may serve as a resource for specific instructional goals. Students may be expected to attend one or more performances outside the school day to support, extend, and assess learning in the classroom. AND Students in this semester-long, entry-level courses, designed for those having no prior dance instruction, learn introductory information regarding:

1. the role of dance(s) in history and culture;
2. a variety of dance styles, which may include modern, ballet, jazz, folk, tap, hip-hop and various world dance styles; and,
3. the body, major bone and muscle groups, how they function in dance movements, and the importance of proper health and nutrition.

Music Theory

Course Number: 1300300

Credit: 1.0

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description: Students learn how music is constructed and developed, and acquire a basic understanding of the structural, technical, and historical elements of music. Student theorists develop basic ear-training, keyboard, and functional singing skills, and engage in the creative process through individual and collaborative projects. Public performances may serve as a resource for specific instructional goals. Students may be required to attend one or more performances outside the school day to support, extend, and assess learning in the classroom.

Music of the World

Course Number: 1300340

Credit: 1.0

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description: Students explore the musical traditions of 20th- and 21st-century American and global communities around the world through study of current trends, focusing on the function of music within various cultures (e.g., jazz, world drumming, mariachi, soul, gamelan, Bollywood, digital). Students examine and report on human activities involving music, technology- and culture-related influences on music, and the sounds and structures of music composition. Public performances may serve as a resource for specific instructional goals. Students may be required to attend one or more performances outside the school day to support, extend, and assess learning in the classroom.

Music Technology and Sound Engineering

Course Number: 1304300

Credit: 1.0

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Teacher recommendation

Course Description: Students explore the fundamental applications and tools of music technology and sound engineering. As they create and learn its terminology, students also learn the history and aesthetic development of technology used to capture, create, and distribute music. Public performances may serve as a resource for specific instructional goals. Students may be required to attend one or more performances outside the school day to support, extend, and assess learning in the classroom.

Experiential Education

Executive Internship 1

Course Number: 0500300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description:

The purpose of this course is to provide a practical introduction to the work environment through direct contact with professionals in the community.

Executive Internship 2

Course Number: 0500310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description:

The purpose of this course is to supplement the existing curriculum by providing community internships. Students apply textbook learning, leadership skills and understanding in challenging and creative professional areas.

Executive Internship 3

Course Number: 0500320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Teacher Recommendation

Course Description:

The purpose of this course is to further refine and apply technical skills and competencies for leadership within specific professional areas.

Executive Internship 4

Course Number: 0500330

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Teacher Recommendation Credit: 1.0

Course Description:

The purpose of this course is to continue to provide students with an opportunity to apply technical skills and competencies to real-life career processes and settings.

Voluntary Public Service (Peer Pal)

Course Number: 0500370

Credit: Non-Credit (Students may receive service hours while enrolled in this course)

Weight: Standard 0.0

Term: Semester

Prerequisite: Teacher Recommendation

Course Description:

The purpose of this course is to develop an appreciation of the concept of service to the community and to develop skills necessary to evaluate the impact of service to others.

J.R.O.T.C. and Military Training

Army: Leadership Education and Training 1

Course Number: 1801300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide secondary school students with opportunities for total development. Total development is achieved through development of life management skills, personal fitness and character-building activities designed to promote good citizenship and patriotism. The course provides instruction that will benefit the individual student, the community, and our nation. The Junior R.O.T.C. learning experience is intended to be useful to students in any future career, military or civilian. Satisfactory completion of the program may lead to advanced placement credit in Senior R.O.T.C. or advance rank in the active or reserve military services or National Guard.

Army: Leadership Education and Training 2

Course Number: 1801310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Leadership Education and Training I and Teacher Recommendation

Course Description:

The purpose of this course is to provide secondary school students with opportunities for total development. Total development is achieved through development of life management skills, personal fitness and character-building activities designed to promote good citizenship and patriotism. The course provides instruction that will benefit the individual student, the community, and our nation. Music Education

Band 1

Course Number: 1302300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Director's Approval

Course Description:

The purpose of this course is to enable students to develop basic technical skills on wind or percussion instruments through the refinement and performance of high school band literature. Emphasis will be placed on the development of skills in interpretation of notation and expressive markings, individual and ensemble performance, and critical listening. Students enrolled in this course are members of the Marching Band. This course includes after school and weekend activities. **A fair share fee of \$500.00 is required.**

Band 2

Course Number: 1302310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Band I and Director's Approval

Course Description:

The purpose of this course is to enable students to develop intermediate-level technical skills on wind or percussion instruments through the refinement and performance of high school band literature. Emphasis will be placed on the development of skills in interpretation of notation and expressive markings, individual and ensemble performance, and critical listening. Students enrolled in this course are members of the Marching Band. This course includes after school and weekend activities. **A fair share fee of \$500.00 is required.**

Band 3

Course Number: 1302320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Band II and Director's Approval

Course Description:

The purpose of this course is to enable students to develop proficient technical skills on wind or percussion instruments through the refinement and performance of high school band literature. Emphasis will be placed on the development of skills in interpretation of notation and expressive markings, individual and ensemble performance, and critical listening. Students enrolled in this course are members of the Marching Band. This course includes after school and weekend activities. **A fair share fee of \$500.00 is required.**

Band 4

Course Number: 1302330

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Band III and Director's Approval

Course Description:

The purpose of this course is to enable students to develop consistently proficient technical skills on wind or percussion instruments through the refinement and performance of high school band literature. Emphasis will be placed on the development of skills in interpretation of notation and expressive markings, individual and ensemble performance, critical listening, and aesthetic response. Students enrolled in this course are members of the Marching Band. This course includes after school and weekend activities. A fair share fee of \$500.00 is required.

Chorus 1

Course Number: 1303300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite:

Course Description:

The purpose of this course is to enable students to develop basic individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation, and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Chorus 2

Course Number: 1303310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite:

Course Description:

The purpose of this course is to enable students to develop intermediate-level individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Chorus 3

Course Number: 1303320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Audition

Course Description:

The purpose of this course is to enable students to develop proficient individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Chorus 4

Course Number: 1303330

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Audition

Course Description:

The purpose of this course is to enable students to develop consistently proficient individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Chorus 5 Honors

Course Number: 1303340

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Audition

Course Description:

The purpose of this course is to enable students to develop advanced individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Chorus 6 Honors

Course Number: 1303350

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Audition

Course Description:

The purpose of this course is to enable students to develop independent, advanced individual and ensemble skills in choral performance through preparation of varied high school literature. Emphasis will be placed on healthy and expressive singing, accurate interpretation of notation and development of critical and aesthetic response to music. A fair share fee of \$150.00 is required.

Vocal Techniques 1

Course Number: 1303400

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Vocal techniques or audition

Course Description: The purpose of this course is to enable students to develop intermediate-level performance skills in a solo or small ensemble setting using varied high school literature. Emphasis will be placed on healthy and expressive singing, performance techniques, music knowledge, and development of critical analysis and aesthetic response to music.

Vocal Techniques 2

Course Number: 1303410

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Vocal techniques or audition

Course Description: The purpose of this course is to enable students to develop intermediate-level performance skills in a solo or small ensemble setting using varied high school literature. Emphasis will be placed on healthy and expressive singing, performance techniques, music knowledge, and development of critical analysis and aesthetic response to music.

Vocal Techniques 3

Course Number: 1303420

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Vocal Techniques II or audition

Course Description: The purpose of this course is to enable students to develop proficient performance skills in a solo or small ensemble setting using varied high school literature. Emphasis will be placed on healthy and expressive singing, performance techniques, music knowledge, and development of critical analysis and aesthetic response to music.

Vocal Techniques 4 Honors

Course Number: 1303430

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria, Vocal Techniques III or audition

Course Description: The purpose of this course is to enable students to develop advanced performance skills in a solo or small ensemble setting using varied high school literature. Emphasis will be placed on healthy and expressive singing, performance techniques, music knowledge, and development of critical analysis and aesthetic response to music.

AICE Music AS 1

Course Number: 1300395

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Teacher recommendation

Course Description: At AS Level, learners focus on listening, composing and performing. For listening, they study set works. These are chosen to support learners in developing their listening skills and understanding of music, including compositional techniques and performance practice. They learn to work with Western notation. Learners also listen to and explore other music of their choice and identify and learn to communicate connections across a wide variety of music. Learners are also encouraged to build on their own personal musical interests as they study composing and performing. Through this, they learn to develop their own range of compositions and performance programme. A fair share fee of \$150.00 is required.

AICE Music 3 AL

Course Number: 1300397

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Music AS

Course Description: At A Level, learners have the opportunity to build on their AS Level studies. They choose two areas of interest from composing, performing, and investigating music. Learners have the opportunity to develop their musical knowledge, skills and understanding and to communicate these through music and academic writing of more depth. Throughout the course, learners are encouraged to analyse and evaluate and to present work which is underpinned by practical and theoretical understanding. By learning to listen attentively and with purpose, to create and perform, and present understanding of music through academic writing, learners are developing transferable skills. These will help equip them for higher education or employment. A fair share fee of \$150.00 is required.

Music Theory 1

Course Number: 1300300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop knowledge of basic music structures and elements and their uses in varied music styles and genres.

Guitar 1

Course Number: 1301320

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop basic skills in guitar performance, including interpretation of notation and performance in varied styles. A fair share fee of \$40.00 is required.

Guitar 2

Course Number: 1301330

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Guitar I and Director's Approval

Course Description: The purpose of this course is to provide instruction in guitar using varied performance techniques. A fair share fee of \$40.00 is required.

Guitar 3

Course Number: 1301340

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Guitar II and Director's Approval

Course Description:

The purpose of this course is to provide instruction in the development of musicianship and technical skills through the study of varied guitar literature. A fair share fee of \$40.00 is required.

Guitar 4 Honors

Course Number: 1301350

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Guitar III and Director's Approval

Course Description:

The purpose of this course is to provide advanced instruction in individual guitar performance. A fair share fee of \$40.00 is required.

Instrumental Ensemble 1

Course Number: 1302460

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Director's Approval

Course Description:

The purpose of this course is to enable students to develop basic performance skills on a selected instrument in an ensemble setting using varied high school literature. Performance techniques, music knowledge, critical analysis and aesthetic response are emphasized. A fair share fee of \$40.00 is required.

Instrumental Ensemble 2

Course Number: 1302470

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Instrumental Ensemble I and Director's Approval

Course Description:

The purpose of this course is to enable students to develop intermediate-level performance skills on a selected instrument in an ensemble setting using varied high school literature. Performance techniques, music knowledge, critical analysis and aesthetic response are emphasized. A fair share fee of \$40.00 is required.

Instrumental Ensemble 3

Course Number: 1302480

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Instrumental Ensemble II and Director's Approval

Course Description:

The purpose of this course is to enable students to develop proficient performance skills on a selected instrument in an ensemble setting using high school literature. A fair share fee of \$40.00 is required.

Instrumental Ensemble 4 Honors

Course Number: 1302490

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria, Instrumental Ensemble III and Director's Approval

Course Description:

The purpose of this course is to develop advanced performance skills on a selected instrument in an ensemble setting using varied high school literature. A fair share fee of \$40.00 is required.

Instrumental Techniques 1

Course Number: 1302420

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Director's Approval

Course Description:

The purpose of this course is to enable students to develop basic performance skills on a selected instrument in a solo or small ensemble setting using varied high school literature. Performance techniques, music knowledge, critical analysis and aesthetic response are emphasized. A fair share fee of \$40.00 is required.

Instrumental Techniques 2

Course Number: 1302430

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Instrumental Techniques I and Director's Approval

Course Description:

The purpose of this course is to enable students to develop intermediate-level performance skills on a selected instrument in a solo or small ensemble setting using varied high school literature. Performance techniques, music knowledge, critical analysis and aesthetic response are emphasized. A fair share fee of \$40.00 is required.

Instrumental Techniques 3

Course Number: 1302440

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Instrumental Techniques II and Director's Approval

Course Description:

The purpose of this course is to provide instrumental instruction for solo performance in a class situation. A fair share fee of \$40.00 is required.

Instrumental Techniques 4 Honors

Course Number: 1302450

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria, Instrumental Techniques III and Director's Approval (Guitar IV or Jazz Ensemble IV or audition – SAHS)

Course Description:

The purpose of this course is to provide advanced instrumental instruction for solo performance in a class situation. A fair share fee of \$40.00 is required.

Jazz Ensemble 1

Course Number: 1302500

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Director's Approval

Course Description: The purpose of this course is to enable students to develop basic skills in jazz performance through knowledge of styles and performance techniques of varied jazz and contemporary literature. A fair share fee of \$200.00 is required.

Jazz Ensemble 2

Course Number: 1302510

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Jazz Ensemble I and Director's Approval

Course Description: The purpose of this course is to enable students to develop intermediate-level skills in jazz performance through knowledge of styles and performance techniques of varied jazz and contemporary literature. A fair share fee of \$200.00 is required.

Jazz Ensemble 3

Course Number: 1302520

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Jazz Ensemble II and Director's Approval

Course Description: The purpose of this course is to develop the ability to apply the knowledge of styles and techniques of varied contemporary, popular and jazz literature. A fair share fee of \$200.00 is required.

Jazz Ensemble 4 Honors

Course Number: 1302530

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Jazz Ensemble III and Director's approval

Course Description: The purpose of this course is to develop independence in knowledge of styles and performance techniques of varied contemporary music and jazz literature. A fair share fee of \$200.00 is required.

Keyboard 1

Course Number: 1301360

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop basic keyboard skills, including interpretation of notation and performance in varied styles. A fair share fee of \$30.00 is required.

Keyboard 2

Course Number: 1301370

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Keyboard I

Course Description:

The purpose of this course is to provide instruction in varied performance techniques on the keyboard. A fair share fee of \$30.00 is required.

Keyboard 3

Course Number: 1301380

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Keyboard II and Teacher Recommendation

Course Description:

The purpose of this course is to provide instruction in the development of musicianship and technical skills through the study of varied keyboard literature. A fair share fee of \$30.00 is required.

Keyboard 4 Honors

Course Number: 1301390

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Keyboard III and Teacher Recommendation

Course Description:

The purpose of this course is to provide advanced instruction in individual keyboard performance. A fair share fee of \$30.00 is required.

Vocal Ensemble 1

Course Number: 1303440

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Audition

Course Description: The purpose of this course is to enable students to develop basic performance techniques in a small ensemble setting through the study of varied high school choral literature. Emphasis will be placed on vocal independence, expressiveness and stylistic authenticity. **A fair share fee of \$150.00 is required**

Vocal Ensemble 2

Course Number: 1303450

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Audition

Course Description: The purpose of this course is to enable students to develop intermediate-level performance techniques in a small ensemble setting through the study of varied high school choral literature. Emphasis will be placed on vocal independence, expressiveness, and stylistic authenticity. **A fair share fee of \$150.00 is required**

Vocal Ensemble 3

Course Number: 1303460

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Audition

Course Description: The purpose of this course is to develop creativity and refine performance techniques in vocal ensembles through the study of widely varied and appropriate choral literature. **A fair share fee of \$150.00 is required**

Vocal Ensemble 4 Honors

Course Number: 1303470

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Meet Honors Criteria Audition

Course Description: The purpose of this course is to foster creative performances in ensembles through the study of appropriate and highly varied literature and to provide students with opportunities for leadership. **A fair share fee of \$150.00 is required**

Physical Education - *Courses are offered on a rotation- all courses listed below are not offered each year.*

Aerobics 1

Course Number: 1503400

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to acquire basic knowledge of aerobic activities and fitness and to maintain or improve an individualized level of fitness.

Aerobics 2

Course Number: 1503410

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to extend their knowledge of aerobic activities and fitness and to maintain or improve an individualized level of fitness.

Aerobics 3

Course Number: 1503420

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

This course is designed to help students develop an optimal level of health-related fitness and acquire additional knowledge of fitness concepts.

Basketball

Course Number: 1503310

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop knowledge and skills in basketball and to improve health-related fitness.

Comprehensive Fitness

Course Number: 1501390

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description: Semester long PE Elective

Power Weight Training I

Course Number: 1501410

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: Teacher Recommendation

Course Description:

The purpose of this course is to enable students to acquire basic knowledge and skills in power weight training and improve health-related fitness.

Soccer

Course Number: 1503320

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop knowledge and skills in soccer and to improve health-related fitness.

Team Sports I

Course Number: 1503350

Credit: 0.50

Weight: Standard 0.0

Term:

Semester

Prerequisite:

None

Course Description:

The purpose of this course is to enable students to acquire basic knowledge of team sports play, develop skills in specified team sports and improve health-related fitness.

Team Sports 2

Course Number: 1503360

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop knowledge of team sports play, develop skills in specified team sports and improve health-related fitness.

Volleyball 1

Course Number: 1505500

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to acquire basic knowledge and skills in volleyball and to improve health-related fitness.

Volleyball 2

Course Number: 1505510

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop intermediate-level knowledge and skills in volleyball and to improve health-related fitness.

Volleyball 3

Course Number: 1505520

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description: The purpose of this course is to enable students to continue knowledge of and skills in volleyball at the advanced level.

Weight Training 1

Course Number: 1501340

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to acquire basic knowledge and skills in weight training, improve muscular strength and endurance and begin to enhance self-image.

Weight Training 2

Course Number: 1501350

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop intermediate-level knowledge and skills in weight training, further improve muscular strength and endurance and further enhance self-image.

Weight Training 3

Course Number: 1501360

Credit: 0.50

Weight: Standard 0.0

Term: Semester

Prerequisite: None

Course Description:

The purpose of this course is to enable students to develop advanced knowledge and skills in weight training, further improve muscular strength and endurance and further enhance self-image.

Research and Critical Thinking

AICE Global Perspectives & Independent Research 1 AS Level

Course Number: 1700364

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Placement

Course Description:

The purpose of this course is to prepare learners for positive engagement with our rapidly changing world. Learners broaden their outlook through the critical analysis of – and reflection on – issues of global significance. The Cambridge International syllabus is based on skills rather than on specific content. Learners develop research, thinking, reasoning, and communication skills by following an approach to analyzing and evaluating arguments and perspectives called the Critical Path. Collaborative skills are enhanced through participation in a team project.

AICE Global Perspectives & Independent Research 2 A Level

Course Number: 1700365

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: AICE Placement

Course Description:

AICE Thinking Skills 1 AS Level

Course Number: 1700372

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Placement in AICE Program and Meet Honors Criteria

Course Description:

The purpose of this course involves the development of a range of transferable thinking skills and processes. These skills are valuable and relevant within other subjects as well as being essential for further and higher education. It should engage students in the study of the language of reasoning by identifying reasons, evaluating reasoning of different kinds, recognizing and evaluating assumptions, clarifying expressions and ideas, and the production of reasoning appropriate to a given task.

World Languages

AICE Spanish Literature AS Level

Course Number: 0708540

Credit: 1.00

Weight: Honors 1.0

Term: Yearlong

Prerequisite: Placement in AICE Program

Course Description:

The purpose of this course is to develop students' ability to present an informed personal response to works of literature read or heard confidently and clearly in written language. Students will be encouraged to read widely, to use relevant vocabulary, employ correct grammar, spelling and punctuation. The students will develop the ability to analyze, synthesize, make inferences and organize arguments and ideas logically.

American Sign Language 1

Course Number: 0717300

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Middle School Teacher Recommendation or Successful Completion of English I

Course Description:

The purpose of this course is to teach hearing students basic conversational skills in American Sign Language (ASL) and awareness of various aspects of deafness. ASL I may be substituted for the foreign language university requirement.

American Sign Language 2

Course Number: 0717310

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: ASL I and Teacher Recommendation

Course Description:

The purpose of this course is to further develop students' knowledge of American Sign Language (ASL). ASL 2 may be substituted for the foreign language university requirement.

Pre-AICE Spanish 1 IGCSE Level

Course Number: 0708532

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Placement in AICE Program

Course Description:

Pre-AICE Spanish Language covers the first half of the International General Certificate of Secondary Education (IGCSE) Language (Spanish) syllabus written and administered by the University of Cambridge's International Examinations Program. The purpose of this course is to enable students to begin to acquire proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. Emphasis is placed on the development of listening, speaking, reading and writing skills and on the acquisition of the fundamentals of applied grammar.

Pre-AICE Spanish 2 IGCSE Level

Course Number: 0708534

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Spanish language I and Placement in AICE Program

Course Description:

Pre-AICE Spanish Language is the second course in the University of Cambridge's International Examinations Program. The purpose of this course is to enable students to begin to acquire proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. Emphasis is placed on the development of listening, speaking, reading and writing skills and on the acquisition of the fundamentals of applied grammar.

Pre-AICE Spanish 3 IGCSE Level

Course Number: 0708536

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Spanish language 2 and Placement in AICE Program

Course Description: Pre-AICE Spanish Language is the third course in the University of Cambridge's International Examinations Program. The purpose of this course is to enable students to begin to acquire proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. Emphasis is placed on the development of listening, speaking, reading and writing skills and on the acquisition of the fundamentals of applied grammar.

Spanish I

Course Number: 0708340

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Middle School Teacher Recommendation or Successful Completion of English I

Course Description:

The purpose of this course is to enable students to begin to acquire proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. Emphasis is placed on the development of listening, speaking, reading and writing skills and on acquisition of the fundamentals of applied grammar. Cross-cultural understanding is fostered, and real-life applications are emphasized throughout the course.

Spanish 2

Course Number: 0708350

Credit: 1.00

Weight: Standard 0.0

Term: Yearlong

Prerequisite: Spanish I and Teacher Recommendation

Course Description:

The purpose of this course is to enable students to enhance proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. There is continued emphasis on the development of listening, speaking, reading and writing skills and on acquisition of the fundamentals of applied grammar. Cross-cultural understanding is fostered, and real-life applications are emphasized throughout the course.

Spanish 3 Honors

Course Number: 0708360

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Spanish II and Teacher Recommendation

Course Description:

The purpose of this course is to strengthen the student's proficiency in Spanish through a linguistic, communicative and cultural approach to language learning. There is continued emphasis on the development of listening, speaking, reading and writing skills. Emphasis is placed on oral proficiency. Experiences with Spanish literature are broadened. Cross-cultural understanding is fostered, and real-life applications are emphasized throughout the course.

Spanish 4 Honors

Course Number: 0708370

Credit: 1.00

Weight: Honors 0.5

Term: Yearlong

Prerequisite: Spanish III and Teacher Recommendation

Course Description:

Spanish 4 expands the skills acquired by the students in Spanish 3. Specific content includes, but is not limited to, more advanced language structures and idiomatic expressions, with emphasis on conversational skills. There is additional growth in vocabulary for practical purposes, including writing. Reading selections are varied and taken from the target language newspapers, magazines, and literary works.

Exceptional Student Education

Access Algebra 1A

Course Number: 7912080

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to develop the algebraic concepts and processes that can be used to solve a variety of real world and mathematical problems.

Access Algebra 1B

Course Number: 7912090

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to develop the algebraic concepts and processes that can be used to solve a variety of real world and mathematical problems. This is the second of a two-year sequence of courses, Algebra 1a and Algebra 1b.

Access Geometry

Course Number: 7912065

Credit: 1.0

Weight: 0.0

Perquisite: Algebra 1

Course Description:

The purpose of this course is to develop the geometry concepts and process that can be used in a variety of real world and mathematical problems.

Access Biology I

Course Number: 7920015

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide a general knowledge of biology to enable students with disabilities to function at their highest levels and prepare to participate effectively in post-school adult living and the world of work.

Access Chemistry I

Course Number: 7920011

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide a general knowledge of chemistry to enable students with disabilities to function at their highest levels and prepare to participate effectively in post-school adult living and the world of work

Access Earth/Space Science

Course Number: 7920020

Credit: 1.00

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide a general knowledge of the concepts of earth and space science to enable students with disabilities to function at their highest levels and prepare to participate effectively in post-school adult living and the world of work.

Access English I

Course Number: 7910120

Credit: 1.00

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access English 2

Course Number: 7910125

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access English 3

Course Number: 7910130

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access English 4

Course Number: 7910135

Credit: 1.00

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access Health Opportunities through Physical Education 9-12

Course Number: 7915015

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access Physical Science

Course Number: 7920022

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide a general knowledge of physical science to enable students with disabilities to function at their highest levels and prepare to participate effectively in post-school adult living and the world of work.

Access United States Government

Course Number: 7921015

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Access World History

Course Number: 7921027

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description: Access courses are intended only for students with a significant cognitive disability. Access courses are designed to provide students with access to the general curriculum. Access points reflect increasing levels of complexity and depth of knowledge aligned with grade-level expectations. The access points included in access courses are intentionally designed to foster high expectations for students with significant cognitive disabilities.

Career Preparation: 9-12

Course Number: 7980110

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students with disabilities to acquire the career knowledge and skills necessary to identify career options, obtain community resources and develop work-related behaviors. The course will provide a foundation for further progress toward achieving the student's desired post-school outcomes related to a career.

Learning Strategies 9-12

Course Number: 7963080

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide instruction that enables students with disabilities to acquire and use strategies and skills to enhance their independence as learners in educational and community settings.

Unique Skills: 9-12

Course Number: 7963130

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to enable students with disabilities to acquire skills that are needed to achieve the maximum level of independent functioning.

Unique Skills: Social & Emotional 9-12

Course Number: 7963070

Credit: 0.05

Weight: Standard 0.0

Term: Semester/Yearlong

Prerequisite: None

Course Description:

The purpose of this course is to provide instruction related to environmental, interpersonal and task-related behaviors of students with disabilities.
